PHYSICAL AND CHEMICAL HAZARDS

Contains under pressure. Do not open this container until you are ready to use it. Do not use this product in a confined space. Do not use this product in a poorly ventilated area. Do not use this product in a room with a high ceiling. Do not use this product in a room with a high humidity. Do not use this product in a room with a high temperature. Do not use this product in a room with a high concentration of oxygen. Do not use this product in a room with a high concentration of carbon dioxide. Do not use this product in a room with a high concentration of carbon monoxide. Do not use this product in a room with a high concentration of carbon disulfide. Do not use this product in a room with a high concentration of carbon tetrachloride. Do not use this product in a room with a high concentration of carbon tetrafluoride. Do not use this product in a room with a high concentration of carbon hexafluoride. Do not use this product in a room with a high concentration of carbon octafluoride. Do not use this product in a room with a high concentration of carbon decafluoride. Do not use this product in a room with a high concentration of carbon dodecafluoride. Do not use this product in a room with a high concentration of carbon tetrafluoride. Do not use this product in a room with a high concentration of carbon hexafluoride. Do not use this product in a room with a high concentration of carbon octafluoride. Do not use this product in a room with a high concentration of carbon decafluoride. Do not use this product in a room with a high concentration of carbon dodecafluoride.

DIRECTIONS FOR USE

1. Read the label carefully before using this product. 2. Do not use this product in a confined space. 3. Do not use this product in a poorly ventilated area. 4. Do not use this product in a room with a high ceiling. 5. Do not use this product in a room with a high humidity. 6. Do not use this product in a room with a high temperature. 7. Do not use this product in a room with a high concentration of oxygen. 8. Do not use this product in a room with a high concentration of carbon dioxide. 9. Do not use this product in a room with a high concentration of carbon monoxide. 10. Do not use this product in a room with a high concentration of carbon disulfide. 11. Do not use this product in a room with a high concentration of carbon tetrachloride. 12. Do not use this product in a room with a high concentration of carbon tetrafluoride. 13. Do not use this product in a room with a high concentration of carbon hexafluoride. 14. Do not use this product in a room with a high concentration of carbon octafluoride. 15. Do not use this product in a room with a high concentration of carbon decafluoride. 16. Do not use this product in a room with a high concentration of carbon dodecafluoride.

STORAGE AND DISPOSAL

1. Store this product in a cool, dry place. 2. Do not store this product in a confined space. 3. Do not store this product in a poorly ventilated area. 4. Do not store this product in a room with a high ceiling. 5. Do not store this product in a room with a high humidity. 6. Do not store this product in a room with a high temperature. 7. Do not store this product in a room with a high concentration of oxygen. 8. Do not store this product in a room with a high concentration of carbon dioxide. 9. Do not store this product in a room with a high concentration of carbon monoxide. 10. Do not store this product in a room with a high concentration of carbon disulfide. 11. Do not store this product in a room with a high concentration of carbon tetrachloride. 12. Do not store this product in a room with a high concentration of carbon tetrafluoride. 13. Do not store this product in a room with a high concentration of carbon hexafluoride. 14. Do not store this product in a room with a high concentration of carbon octafluoride. 15. Do not store this product in a room with a high concentration of carbon decafluoride. 16. Do not store this product in a room with a high concentration of carbon dodecafluoride.

NET WEIGHT 6 OZ 170 GRAMS
MANUFACTURED BY
PRESSURE PRODUCTS CO 215 THIRD AVE
RANSON, WV 25438

**PYRETHRUM
INSECTICIDE FOGGER**

**CAUTION
KEEP OUT OF REACH OF CHILDREN
CONTENTS UNDER PRESSURE**

READ CAREFULLY FOR DIRECTIONS AND PRECAUTIONS
EPA REG. NO. 1051-101

ACTIVE INGREDIENTS	PERCENTAGE
Pyrethrum	1.00%
Other Ingredients	99.00%

PRECAUTIONARY STATEMENTS
HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

1. Do not use this product in a confined space. 2. Do not use this product in a poorly ventilated area. 3. Do not use this product in a room with a high ceiling. 4. Do not use this product in a room with a high humidity. 5. Do not use this product in a room with a high temperature. 6. Do not use this product in a room with a high concentration of oxygen. 7. Do not use this product in a room with a high concentration of carbon dioxide. 8. Do not use this product in a room with a high concentration of carbon monoxide. 9. Do not use this product in a room with a high concentration of carbon disulfide. 10. Do not use this product in a room with a high concentration of carbon tetrachloride. 11. Do not use this product in a room with a high concentration of carbon tetrafluoride. 12. Do not use this product in a room with a high concentration of carbon hexafluoride. 13. Do not use this product in a room with a high concentration of carbon octafluoride. 14. Do not use this product in a room with a high concentration of carbon decafluoride. 15. Do not use this product in a room with a high concentration of carbon dodecafluoride.
