Use according to label directions. Do not use in a manner inconsistent with its labeling.

**STORAGE AND DISPOSAL**

Store in a cool, dry place away from heat or open flame. Do not store in a plastic container. Wrap container and put in trash collection.

**HOW TO USE HOLD CONTAINER**  
**FOR SHORT BURSTS**

Close all doors and windows. Stand in the center of room with a slow sweeping motion. Spray thoroughly over entire room. Keep room closed for 15 minutes after spraying. Ventilate room thoroughly after entry. Sweep up and destroy fallen insects.

Contact as many insects as possible with the spray. Pay special attention to parts of the room suspected of harboring insects. Pay special attention to cracks, hidden surfaces under sinks, behind stoves and refrigerators, food storage areas and wherever these pests are suspected of hiding. Pay special attention to areas around window frames and walls and other areas of entry.

Directly spray as many insects as possible. Spray both interior and exterior of drawers and closets. Both top and bottom of rugs and carpets should be sprayed thoroughly. Pay special attention to areas under furniture and wherever steps are taken to suppress them. Repeat as necessary.

Seal and destroy infested package goods. Remove all other items from the room to reduce the number of insects present. Place in paper bags and seal packages after they have died. Repeat as necessary.

Contact as many insects as possible with the spray. Pay special attention to parts of the room suspected of harboring insects.
