

Remove protective cap. Hold container upright, point valve opening away from person, push button.  
**FOR FLYING INSECTS:** Flies, Mosquitoes, Gnats, and Wasps. Close all windows and doors. Spray up into the air toward the center of the room with a slow, sweeping motion, keeping about 3 feet from interior walls, fabrics and furniture. Spray three to six seconds for average room. Keep room closed for fifteen minutes after spraying. Cover exposed food and utensils before spraying. Ventilate room thoroughly before re-entry.  
**FOR CRAWLING INSECTS:** Roaches, Waterbugs, and Ants. Spray hiding places such as baseboards, cracks, crevices, openings around sinks, drains, and pipes, behind bookcases, cabinets and other storage places, hitting the insects directly. Spray directly at insects, ant hills, and ant trails over window and door sills and other locations. Repeat as necessary for control.

# AEROSOL FOGGER NO. 70

	20.05%
D-Trans Allethrin (allyl homolog of Cinerin I)	0.25%
* Piperonal bis [2-(2-butoxyethoxy) ethyl] acetal	0.45%
* other related compounds	0.05%
N-octyl bicycloheptene dicarboximide	0.50%
Petroleum distillate	18.75%
	80.00%
* From .50% Tropital Synergist. U.S. Pat. No. 3,310,463; Can. Pat. No. 743,520 other patents applied for. EPA Reg. # 11592-3	

Store upright in a cool place (not over 120°F). Do not place on hot surface. Do not puncture can or throw in fire or incinerator. May stain finished surfaces if sprayed too closely. Foods should be removed or covered during treatment. All food processing surfaces should be thoroughly washed after treatment or thoroughly washed before using. When using the product as a space fogger in these areas, apply only when plant is not in operation.
