Harmful if swallowed. Avoid breathing of vapor. Avoid contact with skin and eyes. In case of contact, immediately flush eyes with plenty of water. Wash skin with warm water and soap. Get medical attention if irritation persists. Do not contaminate food or food stuffs. Do not remain in treated areas. Vacate premises for at least 15 minutes after minutes after spraying. Ventilate the area after treatment is completed and before re-entering.

Remove pets and birds. Cover fish aquariums before spraying.

Food should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before use. When using the product in these areas, apply when the facility is not in operation.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130°F may cause leaking. Never throw empty container into fire or incinerator.

Directions for Use:

Use Indoors Only

Flying Insects: Flies, mosquitoes, small flying moths, wasps, gnats, bees. Close all doors and windows. Spray in a sweeping motion on all parts of the room. Apply for 2-3 seconds per 1,000 cubic feet of space. Sweep up and destroy fallen insects. Repeat treatment as necessary.

Crawling Insects: Roaches, ants, spiders, silverfish, confused flour beetles, saw tooth grain beetles, rice weevils, pillbugs, waterbugs. Open all cabinets, storage areas, closets. Spray directly on insects or in cracks and crevices where insects hide.

For roaches & waterbugs: For best results, spray directly on insects and thoroughly spray all parts of the room suspected of harboring these pests. Special attention should be paid to cracks, hidden surfaces, under sinks, behind stoves and refrigerators, food storage areas, and wherever these pests are suspected of hiding. Also spray around door and window frames. Repeat as necessary.

For spiders and silverfish: For control of these insects, frequent and repeated spraying of baseboards, windows, door frames, lamp bases, and storage areas should be made. For adequate control, spray directly on insects.

For crickets and pillbugs: Spray thoroughly and frequently behind stoves, refrigerators, under cabinets, in food storage areas, and especially in closets, basements, and other damp areas. For best results, spray directly on insects.

For ants: Spray ant trails, nests and points of entry. For initial clean-up apply for 10-15 seconds per 1,000 cubic feet of floor area. Repeat as necessary.

For confused flour beetles, saw tooth grain beetles and rice weevils: For best results spray directly on insects. Special attention should be paid to cracks and hidden surfaces in food storage areas. Repeat as necessary.

For fleas and ticks: Destroy all pet bedding and replace. Use product as above. Treat dogs and cats with registered flea and tick control product prior to re-entry.

W. P. WAL

Do not use on or near children. Keep out of reach of children.

<p>SIGNATURE OF APPROVING OFFICIAL</p>	<p>DATE</p>						

Do not apply directly to food. In commercial food handling facilities, cover or remove any food and food processing equipment during application. Do not apply while food processing is under way. After spraying in food processing plants, wash all equipment with potable water, benches, shelving, etc., where exposed food will be handled. All food processing surfaces and utensils should be covered during treatment or thoroughly washed before use.

Remove pets and birds and cover fish aquariums before spraying.

3. Add the following statement immediately following the heading "Directions for Use:"

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

6. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 5(a). Your release for shipment of the product constitutes acceptance of those conditions.

A stamped copy of the label is enclosed for your records.
