ENVIRONMENTAL HAZARDS

This chemical is toxic to aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

The application rate for wettable powder formulations on strawberries must not exceed 2 pounds active ingredient per acre.

All wettable powder formulations must contain directions for use for water-soluble packaging for such wettable powder formulations, and must not contain directions for use for any other type of packaging. (The terms and conditions of registration must also be amended after EPA approval to reflect that wettable powder formulations may only be packaged in water-soluble packaging).

All liquid formulations allowing use of the product on dry beans must contain directions for use for closed mixing systems, and must contain label language requiring that the product may not be used on dry beans unless mixed in a closed mixing system.

The application rate for liquid formulations on citrus must be reduced to no more than 3 pounds active ingredient per acre.

Reformulators must be responsible for providing data to register product.

FOR THE FORMULATION OF MITICIDES ONLY.

This product may be used to formulate pesticide products intended for use only on the following crops:

- Beans (dry, succulent)
- Citrus
- Cotton
- Cucurbits (cantaloupes, cucumbers, melons, pumpkins, watermelons, winter and summer squash)
- Grapes
- Hops
- Mint
- Peppers
- Pomefruits (apples, pears, crabapple, quince)
- Strawberries
- Stonefruits (apricots, cherries-sweet & sour, nectarines, peaches, plums, prunes)
- Tomatoes
- Walnuts, Pecans
- Lawns and Turf Grasses (Not to be used on residential home lawns)
- Ornamentials, flowers, nursery stock, shade trees, and around buildings (Not for use on residential ornamentials)

STORAGE AND DISPOSAL

STORAGE: Do not contaminate water, food, or feed by storage or disposal. Store in a dry place. Open dumping is prohibited.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

In case of minor spills, follow all precautions indicated above and clean-up immediately. Sweep up and dispose of wastes and broken or empty containers in a landfill approved for pesticide use.

WARRANTY STATEMENT

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use but neither this warranty nor any other warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE express or implied extends to the use of this product contrary to label instruction, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
