

# INDUSTRIAL WATER MANAGEMENT

## A 28 CONTRA MICRO BIAL

A-28 Contramicrobial is used to inhibit the growth of bacteria, fungi, and algae in recirculating commercial and industrial cooling water system. Dosage for bacteria and fungi is 20 to 40 ppm of A-28 Contramicrobial (1 to 2 ppm of active ingredient) or 2.2 to 4.4 liquid ounces per 1000 gallons of water in the system. Dosage for algae is 80 to 160 ppm of A-28 Contramicrobial (4 to 8 ppm of active ingredient) or 8.9 to 17.8 liquid ounces per 1000 gallons of water in the system. Intermittent or shock dosages should be added every 1 to 5 days, or as needed, to a point of rapid circulation such as tower basin pump suction or distribution trays. Repeat additions as necessary until control is evident. Dosage frequency depends on bleed-off and retention in the system and severity of the microbiological problem. pH of the system should be below 8.5 during treatment for best results. Badly fouled systems must be mechanically or chemically cleaned before treatment.

**Active Ingredient:**

2,2-Dibromo-3-nitrilopropionamide----- 5%

Inert Ingredients:----- 95%

Weight per Gallon----- 9.60 Lbs.

Weight of Active Ingredients per Gallon----- 0.48 Lbs.

### WARNING

**KEEP OUT OF REACH OF CHILDREN**

CAUSES SEVERE BURNS OF EYES. MAY BURN THE SKIN. MAY BE HARMFUL OR FATAL IF SWALLOWED

Do not get in eyes, on skin, or on clothing. Wear goggles or face shield, rubber gloves and protective clothing when handling.

**FIRST AID:** In case of eye contact, flush eyes immediately with plenty of water for at least 15 minutes and get medical attention. In case of skin contact, wash with soap and plenty of water. Wash contaminated clothing before reuse. If swallowed, induce vomiting by sticking finger down the throat or by giving soapy or strong salty water to drink. Repeat until vomit is clear. Call a physician. Never give anything by mouth to an unconscious person.

This product is toxic to fish. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public water. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not reuse empty container. Destroy it by burying it with waste or by burning it. Stay out of smoke or fumes. Apply this product only as specified on this label.
