

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (17505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number: 11623-37
Date of Issuance: AUG 11 1994

Term of Issuance: Until Reregistration

Name of Pesticide Product: Duricide
Pyrenone® Dursban®
Water Based Spray

NOTICE OF PESTICIDE:
 x Registration
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):
Apollo Industries, Inc.
1850 S. Cobb Industrial Boulevard
Smyrna, Georgia 30082

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/ reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

- a. Revise the EPA Registration Number to read, "EPA Reg. No. 11623-37".
- b. In the directions for use section, change the phrase in parentheses from "... (when food is exposed and facility is in operation)", to: "... (do not use when food is exposed and facility is in operation)."
- c. Move the Statement of Practical Treatment from the bottom of the right panel to the Precautionary Statements section, it should appear immediately following the "Hazards to Humans and Domestic Animals" paragraph.

Signature of Approving Official:

DENNIS H. EDWARDS

Dennis H. Edwards, Jr.
Product Manager 19
Insecticide-Rodenticide Branch
Registration Division (7505C)

Date:

AUG 11 1994

3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

DENNIS H. EDWARDS

Precautionary Statements
Hazards to Humans and Domestic Animals
CAUTION

Harmful if swallowed. Keep out of reach of children. Avoid breathing spray mist. Avoid skin and eye contact. Thoroughly after handling and before eating or smoking. Do not allow children or pets to contact treated surfaces until spray has dried.
 Do not spray air in rooms or use on plants. Apply as a surface spray only.
 Do not allow spray to contact food, feedstuffs or water supplies. Do not use in food areas of food establishments, restaurants or other areas while facility is in operation or food is exposed. Do not use in serving areas while facility is in operation or food is exposed. Thoroughly wash dishes and food handling contaminated with this product.
 Remove pets and cover fish bowls before spraying.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Do not apply directly to lakes, streams, ponds, or contaminate water when disposing of equipment washwaters. Apply the product only as specified on label.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
 To operate hold can upright, direct orifice toward the surface to be treated and press the actuator button as a space spray.

SHAKE WELL BEFORE USING

To Kill Ants, Carpet Beetles, Centipedes, Cockroaches, Crickets, Earwigs, Firebrats, Fleas, Flies, Spiders, and Spiders: thoroughly apply as a spot treatment to areas where these pests are found or may hide, including corners of rooms and closets, cracks and crevices, under carpets, along baseboards and door sills, behind and beneath sinks, stoves, refrigerators, and cabinets, and around garbage cans, plumbing and installations. Pests driven out of hiding places should be sprayed directly. Spray ant trails, nests and ports.
To Kill Fleas and Brown Dog Ticks Indoors: Clean premises thoroughly before treatment. Spray an area of furniture, carpet or flooring to check for possible staining or discoloration. Spray the entire floor area. Special attention should be given to cracks, crevices and under carpet and rug edges. Also in sleeping quarters, close to upholstered furniture (with particular attention to seams), under sofas and chairs. In animal sleeping quarters, bedding should be cleaned or replaced with fresh bedding. Do not use in any area where infants may sleep. **DO NOT TREAT ANIMALS WITH THIS FORMULATION.** To avoid re-pet must be treated simultaneously with an E.P.A. registered insecticide labeled for use on animals. Should be repeated as necessary. Humans and pets should avoid contact with treated surfaces (rugs, furniture, etc.) until they are dry.

TO CONTROL Flies, Gnats, Hornets, Mosquitoes, Small Flying Insects, Wasps and Yellow Jackets on outdoor surfaces: Spray outside surfaces of window and door frames and other areas where these pests enter the home. Also spray dark corners and localized resting areas, such as under eaves, porches, parking garages where these insects may congregate. Flies and Mosquitoes coming to rest on treated surfaces will die. Repeat treatment when effectiveness diminishes.

APPLICATION OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS THAN AS A SPOT AND/OR CRACK AND CREVICE TREATMENT IS NOT PERMITTED.
 Application in food handling establishments (places other than private residences in which exposed to processed, prepared or served) including, but not limited to, areas for receiving, storage, packing (canning, wrapping, boxing), preparing foods, edible waste storage and enclosed processing systems (mills, driers, ovens, syring) and serving areas (when food is exposed and facility is in operation). Use as a crack treatment in and around both food and non food areas to control Ants, Cockroaches, Crickets, Silverfish and Waterbug. Apply in small amounts directly into cracks and crevices, in joints between different construction, between equipment and floor, openings leading to voids and hollow spaces in walls, equipment bases. Do not use this product in conduits, motor housings, junction or switch boxes because of pest hazard. If there is a need to treat such areas, use only oil base sprays. Care should be taken to avoid depositing product onto exposed surfaces of introducing the material into the air. Avoid contamination of food processing surfaces.

Application When Food Serving Areas (facilities where foods are served, such as dining rooms, but not where foods may be prepared or held): Apply as a spot treatment to selective surfaces, such as baseboard elements of construction and into cracks and crevices. Avoid treating surfaces likely to be contacted by not use while facility is in operation or food is exposed.)
 Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions hereon.

KEEP OUT OF REACH OF CHILDREN
CAUTION
STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center immediately. Drink one or two glasses of water to induce vomiting by touching the back of throat with finger. Repeat until vomit fluid is clear. Do not induce or give anything by mouth to an unconscious person.
IF ON SKIN: Remove contaminated clothing and wash affected areas with soap and water.
IF IN EYES: Flush eyes with plenty of water. Call a physician if irritation persists.
IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.

STORAGE AND DISPOSAL

Storage: Store in original container in a cool dry place inaccessible to children and pets. Do not transport below 32°F. Disposal: Wrap container in several layers of newspaper and dispose of in a safe, do not burn or incinerate.
