DO NOT USE AS A SPACE SPRAY. DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Remove the cap. Hold can upright. Point valve opening away from face. Press button to release spray. For use in Homes and Food and Non-Food Areas of Kennels, Commercial Buildings: Warehouses, Theatres, Office Buildings, Schools, Motels, Hotels, Restaurants and Non-Food Areas of Food Processing Facilities.

Use Ant & Roach II Residual Spray as a spot or crack and crevice treatment to control cockroaches, waterbugs, silverfish, ticks, fleas and other insects listed below. Apply this product as a course spray to localized areas where pests are found or may occur. Spray surfaces until wet. Avoid excessive wetting of plastic, rubber and asphalt surfaces such as tiles and floor coverings. Repeat as needed.

This formulation gives rapid kill of crawling insects listed below, including those resistant to certain chlorinated hydro-carbon and phosphate insecticides. Spray residues kill insects indoors for weeks after the spray deposit has dried.

Use On: Ants, Brown Dog Ticks, Clover Mites, Crickets, Spiders, Earwigs, Fleas, Millipedes, Roaches, Saw-toothed Grain Beetle (exposed stage), Scorpions, Silverfish and Sowbugs.

Indoor Use - Spot Treatment Only: ANTS, COCKROACHES, SILVERFISH, SPIDERS, SCORPIONS, SAW-TOOTHED GRAIN BEETLES (exposed stage), **WATERBUGS:** Spray into cracks, crevices, around baseboards and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves and in and around waste containers. Repeat as needed. Do not spray foodstuffs or house plants. For ants, spray trails and places where ants enter premises. Do not allow children to contact treated surfaces until surfaces are completely dry.

BROWN DOG TICKS: Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks and local areas of floors. Repeat as needed. Fresh bedding should be placed in animal quarters after spraying. Do not spray animals.

For Crack and Crevice - apply as follows: To kill **ANTS, ROACHES, CRICKETS, SILVERFISH, SOWBUGS, SPIDERS, EARWIGS, BROWN DOG TICKS, FLEAS, CARPET BEETLES and DERMESTIDS:** Apply spray in small amounts directly into cracks and crevices. Equipment capable of delivering a pin stream should be used in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases where the above listed insects hide. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air.

**Repeat Treatment As Necessary For Effective Control.
SPRAY INFESTED SURFACES UNTIL WET.**

**KEEP OUT OF REACH OF CHILDREN
DANGER**

FIRST AID

Call poison control center or doctor immediately for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact the International Poison Center at 1-888-740-8712

IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

NOTE TO PHYSICIAN: Contains Petroleum Distillates - vomiting may cause aspiration pneumonia. Probable mucosal damage may contraindicate the use of gastric lavage.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS DANGER

CORROSIVE. Causes irreversible eye damage. May be fatal if absorbed through skin. Harmful if swallowed or inhaled. Do not get in eyes, on skin or on clothing. Wear protective eyewear (goggles, face shield, or safety glasses) and gloves when handling. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

May be harmful if swallowed, inhaled or absorbed through skin. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals. Avoid breathing vapors or spray mist and provide adequate ventilation of area being treated. Avoid contact with skin, eyes and clothing. In case of contact, immediately flush skin and eyes with plenty of water. Wash thoroughly with soap and warm water after handling. If poisoning occurs, get prompt medical aid.

NOTE TO PHYSICIAN: Propoxur is a cholinesterase inhibitor. Atropine, by injection, is antidotal and should be administered only if signs of cholinesterase inhibition have appeared.

Do not use in Commercial food processing or preparation areas. In the home all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food. Remove pets, birds and cover fish aquariums before spraying.

PHYSICAL OR CHEMICAL HAZARDS

COMBUSTIBLE. Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. **STORAGE:** Store in a cool, dry place. Keep container closed. Do not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.
