

U.S. ENVIRONMENTAL PROTECTION AGENCY  
Office of Pesticide Programs  
Registration Division (7505C)  
401 M St., S.W.  
Washington, D.C. 20460

EPA Reg. Number:  
11623-41

Date of Issuance:  
September 19, 2001

NOTICE OF PESTICIDE:  
 Registration  
 Reregistration

under FIFRA, as amended

Term of Issuance:

Name of Pesticide Product:

Apollo Trainer Indoor/Outdoor Repellant

Name and Address of Registrant (include ZIP Code):

Apollo Industries, Inc.  
1850 S. Cobb Industrial Blvd.  
Smyrna, Georgia 30082

~~Label changes to labeling differ from that accepted in connection with this registration. The registrant must submit to and accept by the EPA a revised label prior to the label in connection with correspondence on this product and the EPA registration number.~~

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others

This product is unconditionally registered in accordance with FIFRA sec. 3(c)(5) provided that you:

1. Make the following label change(s) before you release the product for shipment:
  - A. Change the First Aid Statement to reflect the attached example.
  - B. Revise the EPA Registration Number to read, "EPA Reg. No. 11623-41".
  - C. Include the Est. No..
2. Submit one (1) copy of the revised final printed label for the record before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A copy of the label stamped "Accepted" is enclosed for your records.

Signature of Approving Official:

Geraldine R. McCann  
US EPA/OPP/RD/IRB

door/Outdoor Dog and Cat Repellent

A training aid specifically formulated to keep pets and strays away from select areas in and around your home.

### PRECAUTIONARY STATEMENTS HAZARD TO HUMANS AND DOMESTIC ANIMALS CAUTION

Harmful if absorbed through the skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals. Wash thoroughly with soap and water after handling.

Do not use in commercial food processing or preparation areas. In the home, all food processing surfaces and utensils should be covered during treatment. Cover exposed food. Do not apply to food crops.

FIRST AID STATEMENT	
Ingestion	If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
Dermal exposure, skin irritation	If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
Inhalation	If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.
Eyes	If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information regarding medical emergencies or pesticide incidents, call 1-800-255-3924.

### PHYSICAL OR CHEMICAL HAZARD

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**USE RESTRICTIONS:** Do not use in commercial food processing or preparation areas. In the home, cover all exposed food, food processing surfaces, and utensils during treatment.

**GENERAL:** For both indoor and outdoor situations, the most effective control for a pet is the sharply spoken word backed up with disciplinary action. This repellent product should be used in conjunction with training aid.

**INDOORS:** To break your pet of undesirable habits (such as sleeping on the furniture, rugs and other forbidden areas in your home): Spray the article of furniture, rugs, etc. lightly with this product so that the area or object is slightly moistened. Before spraying extensive areas of rugs, fabrics or plastics, test the effect of this product by first treating a small inconspicuous area. This product may stain or soften some fabrics or plastics. An alternate method to avoid possible damage is to spray a piece of cloth lightly and place it on the object or area in your home to be protected. Repeat daily, or as necessary, until undesirable habit is broken.

**OUTDOOR USE:** Discourage your pet or stray animals from soiling flower beds, areas of lawn, trees, shrubbery or evergreens. Since animals are attracted to areas where urine or feces have been deposited, remove any droppings before spraying the spot with the masking odor. Spray the edge of flower beds, trunks of trees, the bases of shrubbery and evergreens and patches of lawns lightly every day or every other day with this product. Repeat until undesirable habit has been changed.

Do not apply directly to foliage or shrubs, ornamentals or soft-bodied plants.

**NOTE:** This product is not likely to break the established urination patterns of dogs unless it is used as training aid.

### STORAGE AND DISPOSAL

**STORAGE:** Store only in a cool, dry place inaccessible to children and pets.

**DISPOSAL:** When empty, replace cap, securely wrap in newspaper, and discard in trash. Do not incinerate or puncture.
