UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:
11623-47

Date of Issuance:
MAY 3 1999

Term of Issuance: **Conditional**

Name of Pesticide Product:
Barrier II

NOTICE OF PESTICIDE:
 Registration
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Apollo Industries, Inc.
1850 S. Cobb Industrial Blvd.
Smyrna, GA 30082

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A), provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of you product under FIFRA section 4.
2. Make the following labeling changes listed below before you release the product for shipment:
 - a. On the front panel of your label, please move the child warning statement "KEEP OUT OF REACH OF CHILDREN" to a position above the signal word "CAUTION".
 - b. Please indicate a time period for follow-up application based upon the residual efficacy of the product.

- c. The directions for use must state the sites of application to be treated. The preferred location for this information is on the front panel. We assume this product is for residential use. Thus, on the front panel, add " For Indoor Residential Use Only."
 - d. Under the section "Container Disposal", please correct the third word of the first sentence to read "of" not "o".
 - e. It is not necessary to repeat the phrase "KEEP OUT OF REACH OF CHILDREN" and the signal word "CAUTION" above the "STATEMENT OF PRACTICAL TREATMENT" box on the third panel of your label.
3. Please submit two (2) copies of your final printed label for before your release the product for shipment. Please refer to the A-79 enclosure for a further description of final printed labeling. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing amended labeling constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

If you have any questions regarding this action, please contact Dr. William Sproat of my team at (703) 308-8587.

Sincerely,

George T. LaRocca

Precautionary Statements
Hazards to Humans
and Domestic Animals
CAUTION

Harmful if swallowed or absorbed through skin. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after use. Avoid contamination of food and feedstuffs. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food handling surfaces.

Keep children and domestic animals off treated areas until dry. Do not use this product on pets.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate. Exposure to temperatures above 130° F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Use Barrier II Residual Insecticide as a spot or crack and crevice treatment to control cockroaches, waterbugs, silverfish, ticks, fleas and other insects listed below. Apply this product only as a coarse spray or crack and crevice treatment to localized areas where pests are found or may occur.

HOW TO USE: To Kill Ants, Cockroaches, Crickets, Centipedes, Silverfish, Firebrats, Earwigs, Sowbugs, Pillbugs and Spiders: Spray to contact as many insects as possible while thoroughly spraying all areas where the pests are suspected of hiding, such as the floor and baseboard areas of the pantry, food and pet food storage areas, cracks and crevices in walls and flooring materials, under sinks, under stoves, under refrigerators, around garbage containers, cabinets, door and window sills, thresholds, door and window frames, around floor drains, storage and utility installation areas, wall voids and where plumbing goes through the walls. Spray surfaces to wet. For Ants, also spray ant trails and the places where these pests come into the building.

To Kill Carpet Beetles: Spray beetles when they are seen. Thoroughly vacuum and then spray surface of carpets and rugs in areas such as under sofas, chairs, tables, desks,

and other low traffic areas (corners of rooms, closets, shelves) where the pests are seen. Spray the underside of rugs and carpets, when possible, allowing sprayed areas to dry before replacing on floor.

To Kill Fleas and Ticks: Prior to treatment, thoroughly vacuum the floor, upholstered furniture, baseboards, and pay special attention to areas where pets rest and areas under furniture. Remove and dispose of the vacuum bag containing ticks, fleas and flea eggs, larvae, and pupae in the garbage, preferably putting it into a plastic bag that can be securely closed. Discard in outside trash. This will prevent escapes which will reinfest the area. Apply as a spot treatment to areas such as the pet resting areas, pet bed, cracks and crevices, along baseboards, under furniture, and other areas where fleas and ticks are seen.

To prevent reinfestation of the treated area with fleas and ticks, and to protect your pets, treat the animals with an EPA registered product labeled for use on animals and also treat the outdoor areas with an EPA registered product labeled for that use.

KEEP OUT OF REACH OF CHILDREN
CAUTION

**STATEMENT OF
PRACTICAL TREATMENT**

IF SWALLOWED: Call a physician or Poison Control Center immediately. **IF ON SKIN OR CLOTHING:** Remove contaminated clothing and wash before reuse. Wash skin with plenty of soap and water. Get medical attention if irritation persists. **IF IN EYES:** Flush eyes with water for 15 minutes. Get medical attention if irritation persists.

For information regarding medical emergencies or pesticide incidents, call the International Poison Center at 1-888-740-8712.

STORAGE AND DISPOSAL

Storage: Store product in a cool, dry place, preferably a locked storage area.

Pesticide Disposal: Please use all product according to label directions, however, unused product may be disposed of by wrapping in several layers of newspaper and discard in trash.

Container Disposal: Replace cap on empty container and offer for recycling, if available in your area. If recycling is not available, wrap container in several layers of newspaper and discard in trash.

by EPA Label Analyst

MAY 3 1999

Check the Federal Insecticide,
Fungicide, and Rodenticide Act
to determine if the pesticide is
a restricted use pesticide. If it is,
it may require a special label.
