U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:
11623-48

Date of Issuance:
SEP 13 1999

NOTICE OF PESTICIDE:

- Registration
- Reregistration

(under FIFRA, as amended)

Term of Issuance:
Conditional Registration

Name of Pesticide Product:

**APOLLO CONTACT
INSECTICIDE**

Name and Address of Registrant (include ZIP Code):

**Apollo Industries, Inc.
1850 South Cobb Ind. Blvd.
Smyrna, GA. 30082**

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 11623-48".
3. You must delete the statement "INDUSTRIAL STRENGTH" from your labeling. This statement is misleading. Refer to 40 CFR 156.10 (a)(5) or PR Notice 91-7 for further guidance.
4. Submit five(5) copies of the revised final printed label for the record.

Signature of Approving Official:

Marion Johnson, PM 3

Date:

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label accepted with comments is enclosed for your records.

Sincerely,

Marion Johnson
Product Manager 03
Insecticide Branch
Registration Division (7505C)

See Side Panel For Additional Precautionary Statements

NET CONTENTS 12 OZ. (340 grams)

PRECAUTIONARY STATEMENTS

Hazards To Humans & Domestic Animals

CAUTION

Avoid breathing of vapor or contact with skin or eyes. Vacate premises after treatment and ventilate before reoccupying.

Avoid contamination of feed and foodstuffs. When using this product in food processing plants, food should be removed or covered during treatment. All food processing surfaces should be covered during treatment and washed with an effective cleaning compound followed by a potable water rinse before reuse. When using this product in these areas, apply only when the facility is not in operation.

Remove pets, birds and cover fish aquariums before spraying.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE & DISPOSAL

Storage: Store in a cool dry place inaccessible to children and pets and away from heat or open flame.

Disposal: Replace cap, wrap in several layers of news paper and discard in trash. Do not puncture or incinerate.

SHAKE BEFORE USING AND AT INTERVALS DURING PROLONGED USE.

Hold container upright with nozzle away from you. Press valve down and spray as directed. To avoid possible staining of fabrics or surfaces, do not spray at close range.

FLIES, MOSQUITOES, GNATS, WASPS AND FLYING MOTHS (MILLERS): Close all doors and windows and spray room at the rate of 1 second per 1000 cubic feet. Direct spray to all parts of the room, especially windows and other light sources which attract these insects. Keep nozzle in constant motion. Keep room closed for 10 to 15 minutes after treatment. Repeat treatment as necessary.

ROACHES, WATERBUGS, SILVERFISH, CRICKETS, SPIDERS, CENTIPEDES AND SOW BUGS: Spray into hiding places such as cracks and crevices, behind sinks, cabinets, along baseboards and floors, around drains and plumbing, hitting insects with spray whenever possible. Repeat treatment as necessary.

ANTS: Spray trails, nests and points of entry. Spray on ants where possible. Repeat as necessary.

INDIAN MEAL MOTHS AND ANGIOUMS GRAIN MOTHS: Close doors and windows. Direct spray into all parts of room especially around stored food product containers, pallets and darkened areas.

Spray 7 to 10 seconds for each 1000 cubic feet of space. Keep area closed for 15 minutes following treatment. Repeat application weekly or as needed.

CARPET BEETLES: Spray directly on beetles, baseboards, floors, shelves and carpets. Repeat treatment as necessary.

CONFUSED FLOUR BEETLES, SAW-TOOTHED GRAIN BEETLES, GRANARY WEEVILS, RICE WEEVILS, RED FLOUR BEETLES, GRAIN MITES: Spray into cracks and crevices, processing and handling equipment, around cartons or containers and other areas where these insects tend to congregate. Spray 30 seconds for each 100 square feet area closed for 45 minutes to 1 hour after treatment. Repeat applications as necessary.

LICE: Spray on garments, bedding, mattresses, furniture, floors, carpeting and inanimate surfaces. First spray on inconspicuous area to test for possible staining or discoloration. Inspect after drying, then proceed to spray entire area to be treated.

Hold can upright with nozzle away from you. Press button and spray surface to be treated from a distance of 10 inches. Spray each square foot for 3 seconds, directing spray into all infested surfaces until moist.

FOR BEDDING: Make sure spray is directed into corners of fitted sheets and blankets as well as inside and outside of pillow cases. In the case of garments and headgear, close attention should be given to seams, hems, cuffs, collars, and creases. After treatment, bedding and all garments must be either laundered in hot water or dry cleaned as required.

For mattresses, furniture and carpeting: Direct spray into all folds, tufts, seams and crevices of infested areas until moist. Allow all treated surfaces to dry completely before use.

BEDBUGS: Spray mattresses, particularly around tufts and seams. Take beds apart and spray into all joints. Treat baseboards, moldings and frames. Repeat treatment as necessary.

FLEAS: Spray sleeping quarters, bedding, floor and floor covering where pets are kept. Repeat as necessary. Use only a recommended pet spray on pets.
