

WHAT MOLY SOY-A-LIVE '

MOLY SOY-A LIVE is a seed protectant and micronutrient carrier especially recommended for soybeans, peanuts, alfalfa, clover, and vetch. When used as directed MOLY SOY-A LIVE protects the seeds from seed decay, seedling blights and damping off.

MOLY SOY-A LIVE also contains micronutrients. Molybdenum, Cobalt and Iron are involved in the nitrogen fixation process that occurs in the nodules of legumes plants. Zinc, Copper and Sulfur, the other nutrients present in MOLY SOY-A-LIVE, are necessary for the growth of rhizobia and the legume plants.

NOTICE TO PURCHASER

PLEASE FOLLOW DIRECTIONS CAREFULLY. SELLER makes no warranty, express or implied, except that the product is properly described chemically and is designed for the purpose stated on the label under normal conditions of use. Application, weather and crop conditions and other factors influence the crop results and are beyond the control of the seller. The purchaser assumes all risks involved in the use, handling or storage of this product contrary to label instructions. Seller shall not be responsible for special, consequential or contingent damages arising from a breach of this warranty.

RESEARCH INOCULANTS, INC., ST. JOSEPH, MISSOURI 64501

DIRECTIONS FOR USE

HOW TO APPLY

MOLY SOY-A LIVE is specially formulated for planter box application at the rate of 2 oz. per bushel for soybeans or 6.5 oz. per 100 lbs. for shelled peanuts. Alfalfa, Clover and other small seeded legumes require 8 oz. per bushel. Sprinkle some of the powder over the seed when planter box is half full and mix. Finish filling the planter box with seed, add additional MOLY SOY-A LIVE and mix. Seed may also be pretreated with suitable mixing equipment at any time before planting. MOLY SOY-A-LIVE may be applied to preinoculated seed at planting time or it may be applied in the planter box at the same time the humus inoculant is applied.

WARNING-KEEP OUT OF REACH OF CHILDREN

PRECAUTIONS FOR USE

Avoid inhalation of dust. A facial mask is recommended. Dust may irritate nose, throat and skin. Harmful if swallowed. Wash thoroughly after handling. In case of contact with eyes, flush thoroughly with water and get medical attention. Do not contaminate feed or foodstuffs.

This product is toxic to fish. Keep out of lakes, streams, or ponds.

Apply this product only as specified on this label.

Clean equipment and dispose of waste material by burying in (noncrop land) soil away from water supplies. Empty bags should be disposed of by burying with wastes or burning (KEEP OUT OF SMOKE).
