Re: Folpan (Folpet) Technical; EPA Reg. No. 11678-18  
Notification of Change in Packaging Type

To Whom It May Concern:

Makhteshim Agan of North America, Inc., as agent for Makhteshim Chemical Works, Ltd., notifies the Agency of its intention to change its pesticide container causing a change in the Pesticide Container section of the Storage and Disposal statements. Since the pesticide will have lined and unlined drums, we have used the correct wording from PRN 83-3. These are the only changes to the label.

In support of this request, the following documents are attached:

- EPA form 8570-1
- One copy of final printed labeling for Folpan (Folpet) Technical

This notification is consistent with the provisions of PR Notices 83-3 and 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 USC Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notices 83-3 and 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under Sections 12 and 14 of FIFRA.
