

NOTE TO PHYSICIAN

PYRINEX (chlorpyrifos) is a cholinesterase inhibitor. Initial measures include removal of secretions, maintenance of a patent airway and, if necessary, artificial respiration. When cyanosis is relieved, atropine may be administered in large therapeutic doses, repeated as necessary to the point of tolerance. If symptoms warrant further treatment, protopam chloride (pralidoxime chloride, 2-PAM chloride) has shown utility as adjunctive therapy. Never use morphine. Continued absorption of the poison may occur, resulting in a fatal relapse after initial improvement, very close supervision of the patient is indicated for at least 48 to 72 hours.

IN CASE OF A SPILL

before the spill. Hold this package, other cargo and vehicles involved. IMMEDIATELY TELEPHONE (24-hour service) for emergency assistance: 1-800-535-5055

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS & DOMESTIC ANIMALS

WARNING

General Precautions

- Read all directions before using.
- Keep away from food, feedstuffs and domestic water supplies.
- Keep container closed.

Hazards to Humans:

- May be fatal if swallowed. Do not take internally.
- Harmful if absorbed through skin.
- Avoid breathing vapors or spray mist. Handle concentrate in a ventilated area.
- Causes eye irritation. Do not get into eyes.
- Avoid contact with skin.
- Wash thoroughly after handling. Do not wear contaminated clothing.
- Keep away from food, feedstuffs and water supplies.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to fish and wildlife. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically labeled and addressed in an NPDES permit. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

ACCEPTED  
MAR 17 1993  
Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 11678-01

# PYRINEX

## INSECTICIDE

### An Insecticide for Formulating Use Only

Active ingredient:

Chlorpyrifos ( 0,0-diethyl 0-(3,5,6-trichloro-2-pyridyl) phosphorothioate)	91.0%
Inert ingredients	8.0%
Total	100.0%

READ ALL DIRECTIONS BEFORE USING

### WARNING

#### KEEP OUT OF REACH OF CHILDREN

May be fatal if swallowed. Do not take internally. Harmful if absorbed through skin. Avoid breathing vapors or spray mist. Handle concentrate in a ventilated area. Causes eye irritation. Do not get into eyes. Avoid contact with skin. Wash thoroughly after handling. Do not wear contaminated clothing. Keep away from food, feedstuffs and water supplies.

#### STATEMENT OF PRACTICAL TREATMENT

**IF SWALLOWED:** Call a physician or Poison Control Center immediately. Immediately give several glasses of water and induce vomiting by placing finger on the back of the victim's tongue. Give fluids until vomiting is clear. Do not induce vomiting or give anything by mouth to unconscious or convulsing person. **IF INHALED:** Remove victim to fresh air. Get medical attention if respiratory irritation occurs. Apply artificial respiration if indicated. **IF ON SKIN:** In case of contact, remove contaminated clothing and immediately wash skin with soap and water. Avoid abrading the skin. **IF ON EYES:** Flush eyes with plenty of water. Hold eyelids apart to ensure rinsing of the entire surface of the eyes. Call a physician immediately. SEE NOTE TO PHYSICIAN ON SIDE PANEL.

### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For formulation into end-use insecticide products intended only for use indoors in food and non-food areas of residential, commercial, industrial and institutional sites. Formulators using this product are responsible for obtaining EPA registration of their formulated product. Refer to attached Technical Bulletin for formulating and other information.

### STORAGE AND DISPOSAL

#### STORAGE

Avoid storage at high temperatures. Protect from moisture. Avoid contamination with water, acids, or alkalis. Do not store near heat or open flame. Keep container closed. Store in original container in a locked storage area.

#### PROHIBITIONS

Do not commingle with, feed, or feed by storage or disposal. Open dumping is prohibited.

#### PESTICIDE DISPOSAL

Rinse spray equipment. Any pesticide, spray mixture, or rinse water that cannot be used according to label instructions or chemically reprocessed should be disposed of in a landfill approved for pesticides.

#### CONTAINER DISPOSAL

Triple rinse (or equivalent), perforate rinsed containers and offer for disposal in a landfill approved for pesticide containers. Do not reuse containers. Do not cut or weld container.

#### GENERAL

Consult Federal, state, or local disposal authorities for approved alternative procedures.
