Subject: Label Amendment Submission of 10/01/93 In Response to PR Notice 93-7  
EPA Reg. No. 11682-35  
P.S.T 6

Dear Registrant:

The labeling cited above and submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is accepted subject to the comments reflected on the enclosed sheet. A copy of your proposed labeling stamped "ACCEPTED WITH COMMENTS" is enclosed.

**WHAT THIS ACCEPTANCE MEANS:**

Based on your certification, the Agency has accepted the labeling changes that are necessary to comply with the Worker Protection Standard (WPS) labeling requirements of 40 CFR part 156, subpart K, described in PR Notices 93-7 and 93-11. Any other labeling changes submitted in connection with this amendment application but not directly related to compliance with the WPS have not been reviewed or accepted by the Agency. If you wish to make such changes, you must submit a separate amendment application proposing them. If your product is currently suspended, the acceptance of this labeling amendment does not affect the suspension in any way.

**WHAT YOU NEED TO DO NEXT:**

By the next label printing make all the specified changes to your labeling. Send to EPA one (1) copy of the final printed labeling:

- BEFORE selling or distributing any product bearing the final printed labeling
- AND
- WITHIN one year from date of this acceptance.

Recycled/Recyclable  
Printed with Soy/Caro...  
contains at least 5%...

2014

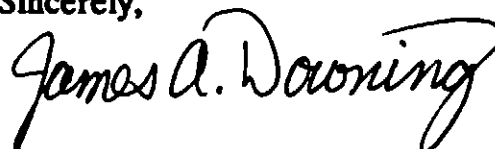

Submit the final printed labeling via the U.S. Postal Service to:

Document Processing Desk (FIN-LABEL)  
Office of Pesticide Programs (7505C)  
U.S. Environmental Protection Agency  
401 M Street, SW  
Washington, D.C. 20460-0001

Hand or courier deliveries of final printed labeling may be made to:

Document Processing Desk (FIN-LABEL)  
Office of Pesticide Programs  
Room 266A, Crystal Mall 2  
1921 Jefferson Davis Highway  
Arlington, VA 22202

Sincerely,

for

Jim Tompkins, Deputy Chief  
Registration Support Branch  
Registration Division (7505W)

Comment for: EPA Reg Nr.11682-35  
P.S.T 6

The following specific comments pertain to your WPS labeling submission concerning the product cited above:

User Safety Recommendations must either be placed in a box or printed on the label in a contrasting color from surrounding text.

You have incorrect wording in the second-to-last sentence in the first paragraph in the Agricultural Use Requirements box on your proposed label. The sentence must be as follows: "It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), notification to workers and restricted-entry interval."

Correct the typographical errors circled on your proposed label.

ACCEPTED  
with COMMENTS  
In EPA Letter Dated

FEB 10 1994

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act  
as amended, for the pesticide  
registered under EPA Reg. No.

17682-35

## KEEP OUT OF REACH OF CHILDREN CAUTION

### STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. Get medical attention.

IF ON SKIN wash with soap and water. If irritation persists, get medical attention.

IF IN EYES flush with water for at least 15 minutes. Get medical attention.

IF INHALED remove victim to fresh air. Get medical attention.

### PRECAUTIONARY STATEMENTS

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**  
**HARMFUL IF TAKEN INTERNALLY**  
**AVOID INHALING DUST**  
**AVOID CONTACT WITH SKIN, EYES AND CLOTHING**

May be harmful if swallowed, inhaled or absorbed through skin. May cause irritation of eyes, nose, throat and skin. Do not rub eyes or mouth with hands.

### PERSONAL PROTECTIVE EQUIPMENT

Applicators and other handlers must wear: coveralls over long-sleeved shirt and long pants, waterproof gloves, shoes plus socks, and protective eyewear. Mixers and Loaders must wear: coveralls over long-sleeved shirt and long pants, waterproof gloves, shoes plus socks, protective eyewear and chemical-resistant apron when mixing or loading.

Discard clothing and other materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them. Follow manufacturer's instructions for cleaning maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

#### User Safety Recommendations:

- Users should:
- Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
  - Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
  - Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

### ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not contaminate water by cleaning of equipment or disposal of wastes. Cover or incorporate spoiled treated seed.

Do not allow this product to drift onto neighboring crops or use in a manner different from the label directions. For terrestrial uses, do not apply directly to water, or to areas where surface water is present or to subtidal areas below the mean high water mark.

### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**STORAGE:** Store in a cool, dry place. Avoid contact with floor and moisture.

**DISPOSAL:** Completely empty bag into application equipment. Then dispose of in a sanitary landfill, or by incineration, or if allowed by State and local authorities, by burning. If burned stay out of smoke.

NOT NEEDED AS PPE IS THE SAME

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not apply the product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

### AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE). The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard. Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 12 hours. PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as soil, or water is: coveralls over long-sleeved shirt and long pants, waterproof gloves, shoes plus socks and protective eyewear.

### POTATO SEED-PIECE TREATMENT

P.S.T. 6 Potato Seed Treater aids in the suppression of fusarium seed-piece decay, the most common seed and soilborne fungus disease. The use of high quality disease free seed carefully selected and handled, is the first consideration in obtaining best seed performance.

**APPLICATION RATE:** Use 1 lb. of P.S.T. 6 Potato Seed Treater per 100 lbs. of cut seed. Apply dust so that the entire seed-piece surface is thoroughly covered by the correct amount of fungicide dust. Prevent inhalation of dust by use of exhaust fans during treatment. Subject the seed potatoes to temperatures of 50 degrees to 55 degrees for 10 to 15 days before handling or cutting.

Before starting the cutting operation, thoroughly clean and sanitize all equipment which will contact the seed-pieces such as: Cutting Equipment including: cutting machines, knives, tables and all other associated cutting equipment; Planting Equipment including: planters, truck beds and all other associated planting equipment.

Plant treated seed immediately after cutting into soil sufficiently warm and moist to promote good wound healing. Storage of cut seed can potentially increase the incidence of decay. Consult local University or Agricultural Extension Agents for specific recommendations.

**NOTICE:** P.S.T. 6 Potato Seed Treater will not control bacterial decay such as blackleg and soft rot, or diseases present within the seed.

### DO NOT USE TREATED SEED FOR FEED OR FOOD

If this product is used on a crop, no other product containing a different EBDC active ingredient may be used on the same crop during the same growing season.

**DISCLAIMER:** J.R. Simplot Company warrants only that the material contained herein conforms to the chemical description on the label and is reasonably fit for the use therein described when used in accordance with the DIRECTIONS FOR USE. It is impossible to eliminate all risks associated with use of the product. Crop injury, ineffectiveness or other unintended consequences may result because of factors such as weather conditions, presence of other materials, soil conditions, or the manner of use or application, all of which are beyond the control of J.R. Simplot Company. All such risks shall be assumed by the user. Any damages arising from a breach of this warranty shall be limited to direct damages and shall not include consequential commercial damages such as loss of profits or values or any other special or indirect damages. J.R. Simplot Company makes no other express or implied warranty including any other express or implied warranty of FITNESS or of MERCHANTABILITY.
