1/1

P.S.T. 6

ACTIVE INGREDIENTS: A coordination product of zinc ion	
manganese ethylene bisdithiocarbamate	6.00%
In which the ingredients are:	
Manganese++	1.20%
Zinc ++	0.15%
Ethylene bisdithiocarbamate ion (C ₄ H ₆ N ₂ S ₄)	4.65%
INERT INGREDIENTS:	
	94.00%
TOTAL	100.00%

EPA Reg. No. 11682-35

EPA Est. No. 8917-ID-1

KEEP OUT OF REACH OF CHILDREN CAUTION

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. Get medical attention.
IF ON SKIN wash with soap and water. If irritation persists, get medical attention.
IF IN EYES flush with water for at least 15 minutes. Get medical attention.
IF INHALED remove victim to fresh air. Get medical attention.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS
HARMFUL IF TAKEN INTERNALLY
AVOID INHALING DUST
AVOID CONTACT WITH SKIN, EYES AND CLOTHING

May be harmful if swallowed, inhaled or absorbed through skin. May cause irritation of eyes, nose, throat and skin. Do not rub eyes or mouth with hands.

PERSONAL PROTECTIVE EQUIPMENT

Applicators and other handlers must wear: coveralls over long-sleeved shirt and long pants, waterproof gloves, shoes plus socks, and protective eyewear. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them. Follow manufacturer's instructions for cleaning and maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

User Safety Recommendations:

Users should:

- Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
- Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not contaminate water by cleaning of equipment or disposal of wastes. Cover or incorporate spilled treated seed.

Do not allow this product to drift onto neighboring crops or use in a manner different from the label directions. For terrestrial uses, do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

STORAGE: Store in a cool, dry place. Avoid contact with floor and moisture.

DISPOSAL: Completely empty bag into application equipment. Then dispose of in a sanitary landfill, or by incineration, or if allowed by State and local authorities, by burning. If burned stay out of smoke.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), notification to workers and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard. Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 12 hours. PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water is: coveralls over long-sleeved shirt and long pants, waterproof gloves, shoes plus socks and protective eyewear.

POTATO SEED-PIECE TREATMENT

P.S.T. 6 Potato Seed Treater aids in the suppression of fusarium seed-piece decay, the most common seed and soilborne fungus disease. The use of high quality disease free seed carefully selected and handled, is the first consideration in obtaining best seed performance.

APPLICATION RATE: Use 1 lb. of P.S.T. 6 Potato Seed Treater per 100 lbs. of cut seed. Apply dust so that the entire seed-piece surface is thoroughly covered by the correct amount of fungicide dust. Prevent inhalation of dust by use of exhaust fans during treatment. Subject the seed potatoes to temperatures of 50 degrees to 55 degrees for 10 to 15 days before handling or cutting.

Before starting the cutting operation, thoroughly clean and sanitize all equipment which will contact the seed-pieces such as: Cutting Equipment including; cutting machines, knives, tables and all other associated cutting equipment; Planting Equipment including; planters, truck beds and all other associated planting equipment.

Plant treated seed immediately after cutting into soil sufficiently warm and moist to promote good wound healing. Storage of cut seed can potentially increase the incidence of decay. Consult local University or Agricultural Extension Agents for specific recommendations.

NOTICE: P.S.T. 6 Potato Seed Treater will not control bacterial decay such as blackleg and soft rot, or diseases present within the seed.

DO NOT USE TREATED SEED FOR FEED OR FOOD

DISCLAIMER: Seller warrants only that the material contained herein conforms to the chemical description on the label and is reasonably fit for the use therein described when used in accordance with the DIRECTIONS FOR USE. It is impossible to eliminate all risks associated with use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of factors such as weather conditions, presence of other materials, soil conditions, or the manner of use or application, all of which are beyond the control of seller. All such risks shall be assumed by the user. Any damages arising from a breach of this warranty shall be limited to direct damages and shall not include consequential commercial damages such as loss of profits or values or any other special or indirect damages. Seller makes no other express or implied warranty, including any other express or implied warranty of FITNESS or of MERCHANTABILITY.
