Subject: Notifications per PR Notices 98-10 & 2007-4
Technical MPCA IOE
EPA Reg. No. 11685-15
Application Dated February 20, 2014

Dear Mr. Ehresman:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notices (PRN) 98-10 and 2007-4 for the subject product. Our review finds that the action falls within the scope of PRNs 98-10 and 2007-4. The label submitted with the application has been date-stamped "Notification" and placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact Mindy Ondish at (703)605-0723 or at ondish.mindy@epa.gov.

Sincerely,

A handwritten signature in black ink that reads "Mindy Ondish, for".
