Nancy R. Robey
Dymon, Inc.
P.O. Box 6267
Kansas City, Kansas 66106

Dear Ms. Robey:

SUBJECT: BKL Spray
EPA Registration No. 11694-10
Label Amendment
Your Correspondence Dated January 26, 1994

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, is acceptable with the following provisions:

1. All end-use products except ready-to-use homeowner products must contain a statement on groundwater contamination. Place the following statement immediately after the Environmental Hazards Statement:

"Most cases of groundwater contamination involving phenoxy herbicides such as 2,4-D have been associated with mixing/loading and disposal sites. Caution should be exercised when handling 2,4-D pesticides at such sites to prevent contamination of groundwater supplies. Use of closed systems for mixing or transferring this pesticide will reduce the probability of spills. Placement of the mixing/loading equipment on an impervious pad to contain spills will help prevent groundwater contamination."

A stamped copy is enclosed for your records. Please submit five (5) final printed copies for the referenced label incorporating the above changes, before releasing the product for shipment.

Sincerely yours,

Joanne I. Miller
Product Manager (23)

BKIL

s p r a y

Non-Selective
**VEGETATION &
SPOT WEED KILLER**

ACTIVE INGREDIENTS:

*2, 4-Dichlorophenoxyacetic Acid, 2-Ethylhexyl ester.....0.55%
Bromacil (5-Bromo-3-sec-butyl-6-Methyluracil).....0.49%

**INERT INGREDIENTS:98.96%

*2, 4-Dichlorophenoxyacetic Acid Equivalent.....0.35%
**Contains petroleum distillates

Net Wt. 17 oz (1 lb 1 oz) (482 g)

**KEEP OUT OF REACH OF CHILDREN
WARNING**

HIGHLY FLAMMABLE

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Flush with plenty of water, lifting eyelids and rolling eyes to insure complete removal. See a physician immediately. **IF ON SKIN:** Flush with plenty of water while removing contaminated clothing and shoes. Wash thoroughly with soap and water. If irritation arises and persists, call a physician. Launder contaminated clothing before reuse. **IF SWALLOWED:** Contains petroleum distillates. Do not induce vomiting. Get immediate emergency medical attention. **IF INHALED:** Remove to fresh air. If unconscious, qualified personnel should administer artificial respiration.

Contents under pressure.

See side panel for additional precautionary statements.

DIRECTIONS FOR USE: GENERAL CLASSIFICATION

It is a violation of Federal law to use this product in a manner inconsistent with the label. Shake can well before using. When applying this product use chemical resistant gloves. Non-disposable gloves thoroughly with soap and water before removing. Turn can up then point valve opening toward areas to be treated. Press valve to release spray. This is a liquid, non-selective, persistent, general herbicide designed for use where cover vegetation is desired. It is recommended for use on non-cropland areas, such as parking lots, around buildings, loading ramps, storage yards, tank farms, industrial plants, and other similar areas where grasses and weeds interfere with drainage, create a fire hazard, or cause unsightly appearance. Apply in late spring after the most predominant weeds have emerged. Apply in a spray pattern that wets the weed completely. Use enough product to cover the surface area of the weed to be controlled. The frequency of applications depends on type, rainfall and other natural conditions. Repeat as necessary. Do not apply to areas underlaid by roots of desirable trees and shrubs. Do not use on lawns, driveways, tennis courts, or similar areas. Do not use in or around the home. Do not use if ground is frozen. Vapors from this product may injure susceptible plants in the immediate vicinity. **IMPORTANT:** Do not permit this product to contact vegetables, flowers, fruit trees, ornamentals, cotton, beans, peas, grapes or other desirable plants. Keep spray from drifting to desirable plants. Do not store near fertilizers, acids, insecticides, or fungicides. Do not contain in containers used for irrigation or domestic purposes.

PRECAUTIONARY STATEMENTS

Hazard to Humans and Domestic Animals

When using this product, wear eye protection (face shield or safety glasses), chemical resistant gloves, long-sleeved shirt, long pants, socks and shoes. It is recommended that safety glasses include front, brow and temple protection. Wash hands, face and arms with soap and water as soon as possible after mixing, loading or applying this product. Wash hands, face and arms with soap and water before eating, smoking or drinking. Wash hands and arms before using. After work, remove all clothing and shower using soap and water. Do not reuse clothing during the previous day's mixing and loading or application of this product without cleaning. Clothing must be kept and washed separately from other household laundry. Remove clothing as soon as possible and shower.

WARNING

May be fatal if swallowed, inhaled or absorbed through the skin. Do not breathe the vapor or mist. Do not get in eyes, on skin, or clothing. Wash thoroughly after handling. Causes skin irritation.

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic invertebrates. Drift or runoff may adversely affect invertebrates and non-target plants. For terrestrial uses, do not apply directly to water, where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing. Keep out of lakes, ponds, or streams.

PHYSICAL OR CHEMICAL HAZARDS

Flammable, contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause container to burst.

STORAGE AND DISPOSAL

Storage: Contents under pressure. Do not store near fire, sparks or flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not store near fertilizers, seeds, insecticides or fungicides. Store in a cool, dry location. Do not expose to direct sunlight. Replace cap when not in use.

Pesticide Disposal: Pesticide wastes are toxic. Improper disposal of excess pesticide mixture, or residue is a violation of Federal Law and may contaminate ground water. Pesticide wastes cannot be disposed of by use according to label instruction, contact your State or Environmental Control Agency, or nearest EPA Regional Office for guidance. **Container Disposal:** Replace cap and discard in trash (if allowed by local statutes) or incinerate or puncture.

General: Consult federal, state or local disposal authorities for approved alternative procedures. For Commercial/Industrial Use Only
