B-061 WEED KILLER

PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals

CAUTION
Harmful if swallowed. Avoid contact with eyes and skin. Avoid inhalation of spray mist. Avoid contamination of food and feed. Remove and wash contaminated clothing before reuse.

FIRST AID
In case of skin contact, wash with soap and water. In case of eye contact, flush eyes with plenty of water. Get medical attention if irritation persists.

ENVIRONMENTAL HAZARDS
Do not contaminate water used for irrigation or domestic purposes. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label. This product is toxic to fish, wildlife and birds. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated.

PHYSICAL OR CHEMICAL HAZARDS
Do not use, pour, spill or store near heat or open flame.

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL
Storage: Keep containers tightly sealed when not in use. Store containers indoors and in a dry place. Keep from freezing. Use from original container only. Do not store near fertilizers, seeds, insecticides or fungicides.
Pesticide Disposal: Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. Do not re-use empty container.
General: Consult federal, state or local disposal authorities for approved alternative procedures.

ACTIVE INGREDIENTS:
2,4-Dichlorophenoxyacetic acid, isooctyl ester* 1.10%
Bromacil (5-bromo-3-sec-butyl-6-methyluracil) 0.61%
****INERT INGREDIENTS** 98.29%
TOTAL 100.00%
*2,4-Dichlorophenoxyacetic acid equivalent 0.70%
**Contains petroleum distillates.

CAUTION:
KEEP OUT OF REACH OF CHILDREN.
See side panel for further cautionary information.

EPA Reg. No. 11694-18 EPA Est. No. 11694-KS-1

Net Weight _____ Gallons

For Commercial/Industrial Use Only

DIRECTIONS FOR USE CONT

To control most weeds and grasses for extended periods on and around storage buildings and similar non-crop areas such as industrial plant sites, parking lots, loading ramps and around storage buildings and the like, apply 1 to 4 gallons per 1000 square feet of concentrate after the most predominant weeds have emerged. No agitation is required. This product can be applied with standard spray equipment. For treating small areas, a tank type hand sprayer or sprinkling can may be used.

Note: Users should consult State Agricultural Experiment Stations or Extension Service Weed Specialists for recommendations as to use of this product in their particular area.

Important: Do not apply directly to, or otherwise permit concentrate to contact susceptible plants as this product may injure cotton, beans, peas, grapes, flowers, fruit trees, ornamentals or other desirable plants. Avoid spray drift to such susceptible plants (coarse sprays are less likely to drift). Vapors from this product may injure susceptible plants in the immediate vicinity. Thoroughly clean spray equipment with a suitable chemical cleaner before using for other purposes (or do not use same equipment for other purposes).
