Glves Fast Knockdown & Kill of Wasps & Hornets
Glves Positive Control at Long Range

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

For control of wasps and hornets: Apply after dark when insects have returned to the nest. Aim valve opening at the depress button, soaking the nest with the spray. Repeat as necessary. Avoid wetting vegetation with this spray, as it will be damaged. Use as a space spray. Other uses-outdoor only: For control of clover mites, crickets, earwigs, fleas, millipedes, cowbugs and dog ticks. Spray infested areas thoroughly including outside of screen frames, doors, window frames, foundations, patios, places where insects may enter or harbor. For ants, spray runways. Repeat as necessary. Do not spray vegetation. Do not use as a space spray.

STORAGE AND DISPOSAL

Storage: Contents under pressure. Do not store near fire, or flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Pesticide Disposal: Do not contaminate water, food or storage or disposal. Wastes resulting from the use of this product be disposed of on site or at an approved waste disposal facility. Container Disposal: Do not re-use the empty container. Wastes discard in trash.

General: Consult federal, state or local disposal authorities for approved alternative procedures.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals
