### STATEMENT OF PRACTICAL TREATMENT

If swallowed: Do not induce vomiting. Contact physician immediately. If on skin: Wash thoroughly with soap and water. If irritation persists, consult a physician. If in eyes: Immediately irrigate with plenty of water. Contact a physician.

This formulation gives rapid control of insects listed below, including those resistant to certain chlorinated hydrocarbon and phosphate insecticides. Spray residue kill insects after the spray deposit has dried.

Ants, Brown Dog Ticks, Clover Mites, Crickets, Earwigs, Fleas, Millipedes, Roaches, Scorpions, Silverfish, Spiders and Waterbugs

### DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. General: Spray surfaces to wetting. Point spray away from people, plants and pets.

Indoor Use: Ants, cockroaches, crickets, silverfish, spiders, scorpions, waterbugs: Spray into cracks, crevices, around baseboards and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves and in and around waste container. Repeat as needed. Do not spray foodstuffs or plants. For ants, spray trails and places where ants enter premises. Do not allow anyone into treated areas until completely dry. Brown Dog Ticks: Spray sleeping quarters of dogs around baseboards, window and door frames, wall cracks and local areas of floors. Repeat as needed. Fresh bedding should be placed in animal quarters after spraying. Do not spray animals. Do not use in edible product areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

Outdoor Use: Ants, clover mites, crickets, earwigs, fleas, millipedes and brown dog ticks: Spray infested areas thoroughly including outside surfaces of screens, doors, window frames, foundation, patios or other places where insects may enter. For ants, spray hills and runways. Repeat as necessary. Do not spray vegetation.

Push straight **DOWN** for fine spray.

Push straight **FORWARD** for stream.

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION

Keep out of reach of children. May be harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing of spray mist and provide adequate ventilation of area being treated. Contact with skin, eyes or clothing should also be avoided. Wash thoroughly with soap and warm water after handling. Avoid contamination of food, utensils and food preparation areas. Remove animals and cover fish bowls before spraying. If poisoning occurs, get prompt medical aid. To physician: Atropine sulfate is antidote.

### PHYSICAL AND CHEMICAL HAZARDS

Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

### STORAGE AND DISPOSAL

Storage: Store in cool areas. Avoid temperatures exceeding 130°F. Replace cap after use. Pesticide Disposal: Do not contaminate water, food or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Replace cap, wrap in newspaper and discard in trash. General: Consult federal, state or local disposal authorities for approved alternative procedures.
