benzyl ammonium chlorides 0.1%

INERT INGREDIENTS: 76.9%

Contains water and emulsifiers.

NET VOLUME: 1 QUART

EPA Reg. No. 11694-28

DIRECTIONS

Hold swab over toilet or urinal and saturate with Dymon Bowl Kleen 100. Swab on surface around and under the rim to remove stains. Flush to rinse. For all toilet bowl applications, remove standing water from bowl. Apply Dymon Bowl Kleen 100 liberally with swab and allow to remain in contact with stains for about five minutes before swabbing and rinsing. Dymon Bowl Kleen 100 also deodorizes.

DANGER: Corrosive: Keep Out of Reach of Children. May be fatal or harmful if swallowed. Do not breathe vapor or fumes. Produces chemical burns. Do not get in eyes, on skin, or on clothing.

ANTIDOTE:
If swallowed call a physician immediately. Drink a teaspoonful or more of milk of magnesia or a cup of soapy water followed with milk or raw egg whites.

Eye contact - Wash with water for 15 minutes. Get prompt medical attention.

Skin contact - Wipe off the acid gently, immediately flood the surface with water, using soap freely, then cover with moist magnesia or baking soda.

Do not use on sinks, lavatories, bath tubs or other porcelain surfaces. For vitreous only.

Rinse empty container thoroughly with water and discard it.
