

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

DEC - 8 2003

Mr. Kelly Hoskins
Illinois Tool Works, Inc
D/B/A ITW Dymon
805 East Old 56 Highway
Olathe, KS 666061

Subject: Do-It-All
EPA Reg. No. 11694-34
Amendment Date: August 29, 2003
EPA Receipt Date: September 9, 2003

Dear Mr. Hoskins,

The following amendment submitted in connection with registration under FIFRA, as amended, is acceptable with the conditions listed below.

- Update First Aid statements per PR Notice 2001-1

Conditions

Revise the label as follows:

1. The surfaces, woodwork and porcelain, must be qualified as hard nonporous by stating "finished" woodwork and "glazed" porcelain.
2. Revise the last statement in the disinfection directions to read "Rinse all surfaces that come in contact with food such as food processing equipment, tables, counters, appliances with potable water. Do not use on utensils, dishware, or cookware."
3. Since this product may be used in food processing facilities, add the following directions:

Food Processing Plant Directions: Before using this product, food products and packaging materials must be removed or carefully protected. Use on floors, walls, tables, (you may additional hard nonporous surfaces). Follow disinfection directions.
4. This product's "Precautionary Statements" must be revised as follows to reflect appropriate language for the "Warning" signal word.

Causes substantial but temporary eye injury. Harmful if absorbed through the skin. Avoid

breathing spray mist. Do not get in eyes, on skin, or on clothing. Wear safety glasses or goggles. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

- 5. Add "Total" to the ingredients statement so it correspond with the 100%.
- 6. Under First Aid, the statement, "Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment," must be added either after the statements with a space between the text or immediately following the "First Aid" heading. (Refer to PR Notice 2001-1 for guidance.)

General Comments

A stamped copy of the labeling accepted with conditions is enclosed. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

*Should you have any questions or comments concerning this letter, please contact Jacqueline McFarlane at (703) 308-6416.

Sincerely,

Velma Noble

Disinfects the following organisms on hard nonporous inanimate environmental surfaces: Herpes Simplex Type 1 virus, Herpes Simplex Type 2 (genital) virus, Influenza A (Hong Kong), Human immunodeficiency virus (AIDS virus), Staphylococcus aureus, Pseudomonas aeruginosa, Salmonella choleraesuis.

Used on: Counter tops, table tops, plastic surfaces, sinks, bath tubs, wash basins, formica, exhaust fans, stainless steel, woodwork, porcelain, leatherette, plastic.

Used in: Hospitals, institutions, office buildings, factories, motels, meat and poultry plants.

Leaves the surface clean and free from odors. Excellent for all bathroom fixtures, grouting tile, and shower stalls.

Also excellent for cleaning vinyl, leather, and plastic upholstery, varnished, painted and enameled surfaces. Contains no abrasives.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To clean: Remove cap, shake, spray evenly over the surface, wipe clean. For heavily soiled surfaces, allow foam to remain for a minute before wiping.

To disinfect: Clean surface thoroughly as directed above. Then spray a thin coat of foam, making sure it covers the entire surface to be disinfected. Allow to remain for at least 10 minutes, then wipe off with clean damp cloth. After using this product on food processing equipment and food contact surfaces, thoroughly rinse with potable water.

KILLS HIV-1 ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS In health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus Type 1 (HIV-1) (associated with AIDS).

SPECIAL INSTRUCTION FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 (AIDS VIRUS) OF SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS.

PERSONAL PROTECTION: Disposable gloves should be worn when cleaning blood, body fluids, or contaminated items. Hands should be washed immediately and thoroughly after gloves are removed, or if hands are contaminated with blood or body fluids. Masks and protective eyewear or faceshields should be worn during cleaning procedures involving blood or body fluids. Gowns or aprons should be worn during cleaning procedures for protection against splashes of blood or other body fluids.

CLEANING PROCEDURE: Blood and other body fluids must be thoroughly cleaned from surfaces and objects with a suitable detergent before application of the disinfectant. After cleaning is complete, follow disinfection directions described previously.

CONTACT TIME: Allow at least 10 minutes contact time with the surfaces/objects for disinfection.

DISPOSAL OF INFECTIOUS MATERIALS: Contaminated waste and blood and other body fluids should be autoclaved and disposed according to local regulations for infectious waste disposal.

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

WARNING: Harmful if swallowed or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with skin and eyes. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting.

STORAGE AND DISPOSAL

STORAGE: Store in a cool dry area away from heat or open flame.

DISPOSAL: Do Not puncture or incinerate!

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

(Buyer assumes all risk of use, storage or handling of this product not in strict accordance with directions given hereon.)

For Commercial/Institutional Use Only

EPA Reg. No. 11694-34 (XXXX) EPA Est. No. 11694-KS-1
