 \*Isooctylester of 2,4-dichlorophenoxyacetic acid ..... 1.64%  
 \*\*Isooctylester of silvex  
 [2-(2-4, 5-trichlorophenoxy) propionic acid] ..... 0.54%  
**Inert Ingredients** ..... 97.82%  
 \*Equivalent to 1.09% of 2, 4, dichlorophenoxyacetic acid  
 \*\*Equivalent to 0.37% of [2-(2, 4, 5-trichlorophenoxy)  
 propionic acid]

**READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL CAUTIONS AND DIRECTIONS.**

For control of broadleaved weeds such as Dandelion, Chickweed, Cinquefoil, Clovers, Ground Ivy, Henbit, Knotweed, Wild Onion, Annual Morningglory, Pennywort, Plantain, Poison Ivy, Poison Oak, Purslane, Spotted Spurge and Thistles.

X-it is formulated for "spot" application to individual weeds. This spot weeder produces a "foamy" white lather for direct weed contact which avoids drift and marks weeds as treated.

**DIRECTIONS**

1. Shake can just before using and occasionally during use.
2. Invert can, hold at arm's length, and point can at weed as you press button. Do not press button when can is in upright position.
3. Stand close to weed (1 to 2 feet) with can aimed at weed and away from face.
4. Push down briefly on button. Spray to cover center of weed, do not over spray. The spray's foaming action will make it easy for you to see coverage.
5. One application will kill most weeds listed. If certain tough weeds are not dead within 3 weeks, repeat application.

**NOTE:** Be careful when treating weeds not to spray surrounding desirable grasses unless the browning of these grasses can be tolerated. Also avoid spraying or spattering of nearby flowers and other desirable plants.

Do not contaminate waters used for irrigation or domestic purposes.

**CAUTION:** Avoid contact with skin, eyes and clothing. Wash hands after use. Clover, Dichondra and certain grasses, such as Bentgrass, St. Augustine or Carpetgrass are sensitive to herbicides and may be injured by use of this product. Do not store near fertilizers, seeds, insecticides or fungicides. Do not use or store near heat or open flame.

**WARNING:** Contents under pressure. Do not puncture. Exposure to high temperature may cause bursting. Keep at room temperature — away from direct sunlight, radiators, stoves, hot water and other heat. Never throw container into fire or incinerator.

**ACCEPTED**

MAY 12 1975

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act,  
as amended, for the pesticide  
registered under  
EPA Reg. No. 11694-42
