SWH

Wasp & Hornet Spray

**LONG RANGE FREEZING
LETHAL JET SPRAY**

Non Conductive Up to 30,000 Volts

ACTIVE INGREDIENTS:

*Resmethrin† 0.246% w/w
INERT INGREDIENTS: 99.754%

*Cis/trans isomers ratio: max. 30% (±) cis and min. 70% (±) trans
†U.S. Patent Nos. 3,465,007 and 3,542,928

This product contains the toxic inert perchlorethylene

Net Wt. 18 oz. 511 grams

Keep out of reach of children.

WARNING

Statement of Practical Treatment

If swallowed: Call a physician or poison control center immediately. Do not induce vomiting. This product contains petroleum distillate. Aspiration may be a hazard.
If on skin: Wash with plenty of soap and water. Get medical attention if irritation persists.
If in eyes: Immediately flush eyes with plenty of water lifting eyelids to insure complete removal. Get medical attention.
If inhaled: Get to fresh air. If unconscious, properly trained personnel should administer artificial respiration.
See side panel for additional precautionary statements.

PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals
WARNING

May be harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing of spray mist and provide adequate ventilation of area being treated. Contact with skin, eyes or clothing should also be avoided. Wash thoroughly with soap and warm water after handling. Remove pets and birds and cover fish aquariums before spraying. Do not use on edible crops. Avoid excessive wetting of plastic, rubber or asphalt surfaces. Avoid contamination of water, food and feedstuffs. Foods should be removed or covered during treatment. All food processing surfaces and equipment should be washed with an effective cleaning compound followed by a potable water rinse before use. When using the product in these areas, apply only when the facility is not in operation.

Environmental Hazards

This product is toxic to fish. Do not apply directly to water or wetlands (swamps, bogs, marshes, and potholes). Drift or runoff from treated sites may be hazardous to fish in adjacent waters.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USING.

Hold can upright. Point valve opening away from face. Aim at nests. Thoroughly saturate nest with spray, contacting as many insects as possible. To prevent insects from falling on skin and clothes, do not stand directly under nest. Best results can be obtained if nest is sprayed in late evening when most insects are at rest. If reinfestation occurs, repeat treatment. Do not spray in areas where foods and feedstuffs are exposed.

Remove pets, birds and cover fish aquariums before spraying.

STORAGE AND DISPOSAL

Storage: Contents under pressure. Do not store near heat, sparks or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Pesticide Disposal: Do not contaminate water, food or feed by storage or disposal. Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional office for guidance.

Container Disposal: Replace cap, wrap and discard in trash, if allowed by applicable regulations. Do not incinerate or puncture.

General: Consult federal, state or local disposal authorities for approved alternative procedures.
