**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

Harmful if swallowed or absorbed through intact skin. Avoid breathing of vapors or spray mist. Avoid contact with skin, clothing, and eyes. Do not apply directly to food in commercial food handling facilities. Remove or cover food and processing equipment during application. Do not apply while food processing is underway. After spraying in plants, bakeries, and other food processing plants, wash all equipment, benches, etc. where exposed food will be handled with an effective cleaning compound followed by a potable water rinse. Remove pets, birds, and cover fish aquariums before spraying. Care should be taken to avoid deposits which could be contacted by children. Do not allow children into treated areas until surfaces are completely dry.

ENVIRONMENTAL HAZARDS

This pesticide is highly toxic to fish. Do not apply directly to water or wetlands (swamps, bogs, marshes, and potholes). Drift and runoff from treated sites may be hazardous to fish in adjacent waters. Do not contaminate water when disposing of equipment washwaters.

PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat and open flame.

STORAGE AND DISPOSAL

Storage: Keep containers tightly sealed when not in use. Store containers indoors and in a dry area. Keep from freezing. Use from original container only.

Pesticide Disposal: Do not contaminate water, food, or feed by storage or disposal. Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

General: Consult Federal, State or local disposal authorities for approved alternative procedures.

SYNTHA MIST

A synthetic pyrethroid for controlling flying and crawling insects: Houseflies, Mosquitoes, Gnats, Roaches, Ants, Earwigs, Spiders, Grain Mites, Sowbugs and Centipedes.

ACTIVE INGREDIENTS:

*+Permethrin 0.25%w/w
INERT INGREDIENTS† 99.75
100.00%

*Cis/trans isomers ratio: max 30% (±) cis and min. 70% (±) trans.

+U.S. Patent No. 3,465,007

†Contains petroleum distillates

KEEP OUT OF REACH OF CHILDREN

CAUTION

STATEMENT OF PRACTICAL TREATMENT

If Swallowed: Do not induce vomiting, aspiration hazard. Get immediate medical attention.

If In Eyes: Flush with plenty of water. Get medical attention.

If Inhaled: Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen.

If On Skin: Wash thoroughly with soap and water while removing contaminated shoes and clothing.

EPA REG. NO. 11694-65 EPA EST. NO. 11694-KS-1

For Commercial/Industrial Use Only

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

AREAS OF USE

For use in hotels, motels, institutions, packaging and processing plants, seed houses, horse stables, food processing plants, bakeries, restaurants, and warehouses.

Indoor Space Spray: (To kill flies, mosquitoes and gnats). Close room or area to be treated. Shut off air-conditioner and ventilator system. Seal all open vents. Cover food handling surfaces, and cover or remove all food. Remove fish, birds, and other pets. Apply undiluted as a very fine mist space spray or dry heat fog, using manually-operated equipment, ULV equipment, electrical or other powered applicators, electric, propane, or gas powered thermo foggers. Avoid staining by holding the spray nozzle at least five feet from objects. Direct the fine spray mist or fog toward the upper corners of the room. Fill the room with a fine mist space spray at the rate of 5 fluid ounces per 5,000 cubic feet. Leave room closed for one-half hour. Ventilate thoroughly before re-entry.

Indoor Contact Spray: (For control of roaches, ants, earwigs, grain mites, sowbugs, spiders and centipedes). Adjust sprayer to produce large wetting-type spray particles. Direct spray to cracks and crevices in floors, baseboards, around pipes, behind cabinets, and other hiding places. Spray infested areas until thoroughly wet. Repeat as necessary.
