GERMICIDAL/DISINFECTANT DEODORIZER-FUNGICIDE

DIRECTIONS

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product is a phosphate free formulation designed to provide effective cleaning, deodorizing, and disinfection specifically for hospitals, nursing homes, schools, food processing plants, food service establishments and other institutions where housekeeping is of prime importance in controlling the hazard of cross contamination.

This product, when used as directed, is formulated to disinfect inanimate hard surfaces such as walls, floors, sink tops, toilet bowls, tables, chairs, telephones and bed frames. For larger areas such as operating rooms, patient care facilities and restrooms, this product is designed to provide both general cleaning and disinfecting.

DISINFECTION - To disinfect inanimate, hard surfaces add 2 ounces of this product per gallon of water. Apply solution with a mop, cloth or sponge so as to wet all surfaces thoroughly. Allow to remain wet for 10 minutes, then remove excess liquid.

For heavily soiled areas, a pre-cleaning step is required. Prepare a fresh solution for each use.

BACTERICIDAL ACTIVITY - When diluted at the rate of 2 ounces per gallon of water, this product exhibits effective disinfectant activity against the organisms: *Pseudomonas aeruginosa* PRD 10, *Salmonella choleraesuis*, *Staphylococcus aureus*, *Brevibacterium ammoniagenes*, *Escherichia coli*, *Klebsiella pneumoniae*, *Shigella dysenteriae*, *Staphylococcus suricus* (Methicillin Resistant), *Streptococcus faecalis*, and *Streptococcus salivarius* and meets all requirements for hospital use.

MILDEWSTAT - To control mold and mildew on pre-cleaned, hard, nonporous surfaces add 2 ounces of this product per gallon of water. Apply solution with a cloth, mop or sponge making sure to wet surfaces completely. Let air dry. Prepare a fresh solution for each use. Repeat application at weekly intervals or when mildew growth appears.

At the 2 ounce per gallon dilution, this product is also fungicidal against the pathogenic fungi, *Trichophyton mentagrophytes*.

EFFECTIVENESS TESTS HAVE DEMONSTRATED THAT THIS PRODUCT IS AN EFFECTIVE BACTERICIDE, FUNGICIDE, AND VIRUCIDE IN THE PRESENCE OF ORGANIC SOIL (5% BLOOD SERUM).

VIRUCIDAL ACTIVITY - This product when used on environmental inanimate hard surfaces at 2 oz. per gallon of water exhibits effective virucidal activity against *Influenza A2/Japan* (representative of the common flu virus), *Herpes simplex Type 1* (causal agent of fever blisters), *Adenovirus Type 2* (causal agent of upper respiratory infections), and *Varicella virus* (representative of the pox virus group).
