

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

Mr. David Jones  
Dymon, Incorporated  
3401 Kansas Avenue  
Kansas City, KS 66106

2 APR 1993

Dear Mr. Jones:

Subject: Label Revision-Active to Inert Conversion of Petroleum Distillate  
Dry Fog ULD Expel Total Release Insect Fogger  
EPA Registration Number 11694-79  
Submission dated March 18, 1993

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. One (1) copy of the finished label must be submitted prior to releasing the product for shipment.

- 1. Delete the phrase "(allyl homolog of Cinerin 1)" from the active ingredients statement.
- 2. Revise the active ingredient label declaration for Sumithrin as follows, combining the "Other isomers" percentage with the total for the active ingredient:

3-phenoxybenzyl-(1RS, 3RS; 1RS, 3SR)-2,2-dimethyl-3-(2-methylprop-1-enyl)  
cyclopropanecarboxylate ..... 0.200%

- 3. Delete the term "related compounds" from the label ingredients declaration. Unless otherwise substantiated, these compounds should be considered inert. If the "related compounds" are determined to be active, they should be incorporated into the declaration for the active ingredient d-trans allethrin and not distinguished separately as "related compounds".

- 4. Expand the statement "Cover exposed foods, dishes, and food handling equipment" as follows:

In meat and poultry processing plants, cover or remove all food processing surfaces, benches, shelving, and utensils, or thoroughly wash with an effective cleaning compound followed by a potable water rinse prior to use.

- 5. The statements below should appear directly following the statement in part 3 above:

Do not use in commercial food processing, preparation, storage, or serving areas. Avoid contamination of food and feedstuffs.

Dymon®

The new idea company.™

Authorized by U.S.D.A. for use in federally inspected meat and poultry plants. For use in rooms, apartments, attics, basements, campers, boats, garages, pet sleeping areas, storage areas, cabins and household storage areas. Kills houseflies, mosquitoes, rice weevils, black carpet beetles, small flying moths, spiders, saw-toothed grain beetles, wasps, pill bugs, crickets, fleas and silverfish. Aids in the control of cockroaches.

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Cover exposed foods, dishes and food handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Put out all flames and pilot lights. Close doors and windows. Use one unit for each 4,000 cu. ft. of unobstructed area. Do not remain in the area during treatment. Ventilate thoroughly before re-entry. For Automatic Discharge: Remove cap. Point valve opening away from face and eyes. Invert cap and lock on valve by pulling cap straight down over valve stem. Then place fogger on stand or table in center of room with valve locked open. Leave room at once and keep room closed for 4 hours before airing out. Open all doors and windows and allow to air for 30 minutes. Repeat spraying in 2 weeks or when necessary.

**STORAGE AND DISPOSAL**

**Storage:** Contents under pressure. Do not store near fire, sparks or flame. Do not puncture or incinerate container. Exposure to temperatures above 120 °F may cause bursting.

**Pesticide Disposal:** Do not contaminate water, food or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**Container Disposal:** Do not re-use the empty container. Wrap and discard in trash. **General:** Consult the federal, state or local disposal authorities for approved alternative procedures.

**PRECAUTIONARY STATEMENTS**

Hazards to Humans and Domestic Animals.

**CAUTION**

**FLAMMABLE:** Harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid inhalation of vapors. In case of contact, immediately wash skin with plenty of soap and water. For eyes, flush with plenty of water as directed at medical attention, if irritation persists. Do not use in commercial food processing, preparation, storage or serving areas. Avoid contamination of food and feed stuffs. Remove pets, birds and cover fish aquariums before spraying.

## ULD Expel

Total Release Insect Fogger

**ACTIVE INGREDIENTS:**

d-trans Allethrin (allyl homolog of Cinerin I) ..... 0.300%

Related compounds ..... 0.023%

\*3-Phenylbenzyl d-cis & trans \*\*2, 2-dimethyl-3-

(2-methylpropenyl) cyclopropanecarboxylate ..... 0.191%

\*Other isomers ..... 0.009%

**INERT INGREDIENTS:** ..... 99.447%

**TOTAL 100.000%**

\*cis-cis, trans) phenothrin

\*\*cis/trans isomer ratio max 25% (z) cis

min. 75% (z) trans

Net Wt. 4 oz. 113.5 gms.

For Commercial/Industrial Use Only.
