Kansas City, MO 66105

Attention: David Jones  
Mgr. of Regulatory Affairs

Product Name: Do-It All Germicidal Foaming Cleaner  
Registration Number 11694-89  
Application Date 8-31-89

The amendment referred to above, submitted in connection with registration under FIFRA, is acceptable provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

a. Under "Special Instructions for cleaning...", specify a contact time such as "Leave surface wet for 10 minutes."

b. Revise the statement "kills HIV-1 on Pre-cleaned environmental..." to read:

**\*KILLS HIV ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus Type 1 (HIV-1) (associated with AIDS).**

This statement must be placed immediately above "Special Instructions for cleaning...fluids."

Submit five (5) copies of your final printed labeling before you release the product for shipment.

Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

If you have any questions concerning this letter, please contact Martha DeLaney at (703) 557-6982.

Sincerely yours,

John H. Lee   
Product Manager (31)  
Antimicrobial Program Branch  
Registration Division (H7505C)

**PRECAUTIONARY STATEMENTS**  
 Hazards to Humans and Domestic Animals  
**WARNING**

Keep out of reach of children. Causes eye and skin irritation. Do not get in eyes, skin or on clothing. Harmful if swallowed.

**STATEMENT OF PRACTICAL TREATMENT**

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink egg whites, gelatin solution. If these are not available, drink large quantities of water. Call a physician.

**NOTE TO PHYSICIAN**

Produce mucous damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**Disinfection, Cleaning, and Deodorizing.** On hard non porous surfaces such as bathroom tiles, fixtures, shower stalls, walls, sinks and bathtubs, proceed as indicated below:

1. Hold container six to eight inches from surface to be treated.
2. Spray area until it is covered with the solution. Allow the product to penetrate and remain wet for 10 minutes. No scrubbing necessary.
3. Wipe off with a clean cloth, mop or sponge. The product will not leave grit or soap scum.

Pre-wash all surfaces prior to disinfection. This product is designed for general cleaning and disinfecting in nursing homes, hospitals, institutions, offices, schools, motels and hotels. This product is formulated to disinfect inanimate hard surfaces such as walls, ceilings, floors, doors, telephones, door knobs, light switches, shower stalls, hangers, buckets and bed springs. When used as directed this product is effective against hospital germs such as staphylococcus aureus, streptococcus aureus and streptococcus pyogenes. This disinfectant is also effective against bacteria. Laboratory tests have demonstrated that this product is an effective one-step disinfectant in the presence of organic soil (5% blood and 10% meat). This product is suitable for use in areas which generally are hard to clean, high traffic areas such as garbage storage areas, empty garbage bins and cans and toilets, rest rooms and other areas where germs are likely to be caused by human activity.
