UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

DEC - 2 2003

Ms. Kelly R. Hoskins  
Supervisor, Regulatory Compliance  
ITW Dymon  
805 East Old 56 Hwy  
Olathe, KS 66061

Subject: Do-It-All (Bulk)  
EPA Registration No. 11694-88  
Application Date: 8/29/03  
Receipt Date: 9/9/03

Dear Ms. Hoskins:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable with comments:

Update First Aid Statements, Disposal and addition of Terminal Sterilant paragraph

LABEL COMMENTS

1. You must submit separate cleaning and deodorizing directions. They must clearly be separate from each other.
2. Under the ingredient statement, insert the word "TOTAL" directly under "Other Ingredients".
3. Update your "Storage and Disposal" statements for containers greater than one gallon by adding the Pesticide Storage, Pesticide Disposal and Container Disposal statements. See the Label Manual, Chapter 13 for guidance.
4. Under the "Environmental Hazards" statement, at the beginning of the statement, add the following sentence: "This pesticide is toxic to fish".

GENERAL COMMENTS

A stamped copy of the accepted labeling is enclosed. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

## DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**Disinfection, Cleaning, and Deodorizing:** On hard non-porous surfaces such as bathroom tiles, fixtures, shower stalls, walls, sinks and bathtubs, proceed as indicated below:

1. Hold container six to eight inches from surface to be treated.
2. Spray area until it is covered with the solution. Allow the product to penetrate and remain wet for 10 minutes. No scrubbing necessary.
3. Wipe off with a clean cloth, mop or sponge. The product will not leave grit or soap scum.

Preclean all surfaces prior to disinfection. This product is designed for general cleaning and disinfecting in nursing homes, hospitals, institutions, offices, schools, motels and hotels. This product is formulated to disinfect inanimate hard surfaces (such as walls, sink tops, tables, chairs, telephones, door knobs, light switches, shower stalls, hampers, cabinets and bed springs). When used as directed, this product is effective against *Staphylococcus aureus*, *Salmonella choleraesuis* and *Pseudomonas aeruginosa*, thus meeting requirements for hospital use. Efficacy tests have demonstrated that this product is an effective one-step cleaner-disinfectant in the presence of organic soil (5% blood serum). In addition, this product deodorizes those areas which generally are hard to keep fresh smelling such as garbage storage areas, empty garbage bins and cans, basements, restrooms and other areas which are prone to odors caused by microorganisms.

**Heavy Fungicidal:** Against Pathogenic fungi (T. mentagrophytes) when used as directed on hard surfaces found in the bathroom, shower stall and locker room or other clean, hard nonporous surfaces commonly contacted by bare feet.

**Mildewstat:** To control and prevent mold and mildew on hard nonporous surfaces (such as floors, walls, table tops), spray the surface to be treated, making sure to wet completely. Let air dry. Repeat application at weekly intervals or when mildew growth reappears.

**Virucidal:** Against Herpes Simplex Type 1 virus, Herpes Simplex Type 2 (genital) virus, Influenza A<sub>2</sub> (Hong Kong) virus, and HIV-1 (AIDS Virus).

**\*KILLS HIV-1 ON PRECLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS** in health care settings or other settings in which there is an expected likelihood of soiling of inanimate surfaces/objects with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human immunodeficiency virus Type 1 (HIV-1) (associated with AIDS).

**SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 (AIDS VIRUS) OF SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS.**

**PERSONAL PROTECTION:** Disposable gloves should be worn when cleaning blood, body fluids, or contaminated items. Hands should be washed immediately and thoroughly after gloves are removed, or if hands are contaminated with blood or body fluids. Masks and protective eyewear or faceshields should be worn during cleaning procedures involving blood or body fluids. Gowns or aprons should be worn during cleaning procedures for protection against splashes of blood or other body fluids.

**CLEANING PROCEDURE:** Blood and other body fluids must be thoroughly cleaned from surfaces and objects with a suitable detergent before application of the disinfectant. After cleaning is complete, follow disinfection procedures described previously.

**CONTACT TIME:** Leave surface wet for 10 minutes.

**DISPOSAL OF INFECTIOUS WASTE:** Contaminated waste and blood and other body fluids should be autoclaved and disposed according to local regulations for infectious waste disposal.

## DIRECTIONS FOR USE (con't.)

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to preclean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

## PRECAUTIONARY STATEMENTS

### Hazards to Humans and Domestic Animals

**WARNING:** Keep out of reach of children. Causes eye and skin irritation. Do not get in eyes, skin or on clothing. Harmful if swallowed.

### FIRST AID

**IF IN EYES** - Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF INHALED** - Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. **IF SWALLOWED** - Call a poison control center or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **IF ON SKIN OR CLOTHING** - Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

### ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office. (Required on containers 5 gallons or larger.)

### NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

### STORAGE AND DISPOSAL

**STORAGE:** Keep containers tightly sealed when not in use. Store container indoors and in a dry area. Keep from freezing. Use from original container only. **DISPOSAL:** If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

(Buyer assumes all risk of use, storage or handling of this product not in strict accordance with directions given herewith.)
