12 SEP 1988

TERM OF ISSUANCE

NAME OF PESTICIDE PRODUCT

hedamene Plus Disinfectant
Deodorant

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION
(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Lyall, Inc.
3901 Kansas Avenue
Kansas City, MO 64116

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA Section 5(c)(7)(A) provided that you:

1. Submit all data required for registration, reregistration or your legacy label FIFRA Section 5(c)(1) when the Agency requires all registrants of similar products to submit such data.
 2. Add the phrase "EPA Registration No. 11694-98" to your label before you release the product for shipment.
 3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the 8-79 enclosure for a further description of final printed labeling.
- If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA Section 5(c). Your release of shipment of the product constitutes acceptance of these conditions.
- A copy of each of the labels is being sent to your records.

An effective disinfectant for hard surfaces and a deodorant for general hospital use, schools, medical, dental and business offices, sickrooms, nursing homes and ambulances.

This product will control the following organisms: Salmonella Choleraesuis, Staphylococcus Aureus, Trichophyton Mentagrophytes var Mentagrophytes, Pseudomonas Aeruginosa, Streptococcus Pyogenes and Tubercle Bacilli.

* Controls mildew growth on fabric for 14 days and on hard surfaces for 21 days.

** Virucidal against both Herpes Simplex Type I and Type II (genital). Disinfects Influenza A₂ (Hong Kong virus) on inanimate surfaces.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

For Pre-cleaning: Pre-clean surfaces with a suitable detergent prior to disinfecting. **For Disinfecting:** Hold dispenser upright 6 to 8 inches from surface. Spray 2 to 3 seconds or until entire surface is wet. Allow to remain at least 10 minutes. Allow to air dry or remove with clean dry cloth. **For Deodorizing:** Hold dispenser upright. Spray toward center of room 3 to 5 seconds. **For Mildew Control:** Spray surface until moist. Do not use on polished wood furniture or rayon fabrics. Repeat application periodically to maintain control.

GENERAL USES

Disinfecting: Air filters and ventilating duct louvers • bed springs and frames • bedside and office furniture • chart racks and equipment cabinets • countertops • door knobs • office machinery • sinks and mirrors • light fixtures and switches • supply, dressing and trash carts • telephones • waste cans and laundry hampers • wheel chairs and walkers • urinals.

Deodorizing: Odors from post-colostomy post-ileostomy dressing and bags, malignant diseases, homes, kitchens, bathrooms, industrial plant processes, food processing and packaging plants, food stores, fecal matter, urine, burns, smoke, mildew and mold, decay, garlic, onions, food putrefaction, perspiration, stale air, tobacco, sickrooms, musty closets and fish.
