**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(C). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

2. You are required to comply with the data requirements described in the DCIs identified below:
  - a. ADBAC GDCI-069105-30882
  - b. DDAC GDCI-069165-30870
  - c. DDAC GDCI-069166-30875
  - d. DDAC GDCI-069149-30869

You must comply with all of the data requirements within the established deadlines. If you have questions about the listed above, you may contact the Reevaluation Team Leader (Team 36): <http://www2.epa.gov/pesticide-contacts/contacts-office-pesticide-programs-antimicrobial-division>

3. Make the following label changes before you release the product for shipment:
  - Revise the EPA Registration Number to read, “EPA Reg. No. 11694-114.”
4. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated January 6, 2015

If you have any questions concerning this letter please contact Emilia Oiguenblik at (703) 347 0199 or Velma Noble at (703) 308-6233.

### **Cleaning/Sanitizing Directions:**

To clean and sanitize hard, non-porous surfaces, use wipe to thoroughly wet the surface to be treated. Treated surfaces must remain wet for 90 seconds. Then allow to air dry. This product is a non-food contact surface sanitizer against pathogenic bacteria<sup>†</sup>. For industrial, institutional and residential use. Not for use in medical facilities.

The product is designed to change color during use so that the user is alerted when to discard a wipe. Prior to use, the wipes have a blue and white checkered pattern. During use, the blue color changes to green and green/yellow. Once an area of the wipe turns green or green/yellow, fold the wipe so that the target surface is only being exposed to a blue area of the wipe. Before the wipe is completely green or green/yellow, discard the wipe and use a new wipe.

- Do not use on food-contact surfaces.

### **Optional Advisory Statements**

Do not use as a diaper or personal wipe. Not for cleaning or sanitizing skin.

<sup>†</sup>Kills *Staphylococcus aureus* (Staph) and *Enterobacter aerogenes*.

**Storage and Disposal: Container Storage:** Store unopened package in a cool, dry place in areas inaccessible to small children. Dispose of used wipe in trash after use. **Container Handling:** Non-refillable container. Do not reuse or refill this container. Discard in trash or recycle.
