

APR 29 1991

Mr. T. David Williams
Speer Products, Inc.
P.O. Box 1099
Memphis, TN 38181-0993

Dear Mr. Williams:

Subject: Speer Professional Insect Spray
EPA Registration No. 11715-6
Your Letter Dated June 20, 1989

The labeling submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act is acceptable subject to the comments listed below.

1. The related compounds for resmethrin should be included in the total of inerts.
2. The aromatic petroleum hydrocarbons and petroleum distillate should also be included with the inert ingredients.

Sincerely yours,

Richard F. Mountfort
Product Manager (10)
Insecticide-Rodenticide Branch
Registration Division (R7505C)

Precautionary Statements

**HAZARDS TO HUMANS
AND DOMESTIC ANIMALS**

Harmful if swallowed. Avoid contact with eyes or skin. Cover or remove fishbowls. Remove all pets from area to be treated. Avoid contamination of food and feedstuff.

Dishes should be removed or covered during treatment. Food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using this product in these areas, apply only when the facility is not in operation. In hospitals, patients should be removed from rooms prior to treatment. Room should be ventilated for 2 hours after spraying. Do not return patients to room until after ventilation.

PHYSICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F. may cause bursting.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center. Do not induce vomiting. This product contains petroleum distillates. Aspiration may be a hazard.

IN EYES: Flush eyes with plenty of cold water. Consult physician if irritation persists.

IF INHALED: Remove victim to fresh air.

IF ON SKIN: Wash contaminated skin with soap and water.

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.
11715-6

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Remove protective cap. Holding dispenser upright, point valve in desired direction and press dispenser button to spray.

MOSQUITOES, FLIES, GNATS: Close all doors and windows. Direct the spray to all parts of the room. Fill the room with mist, then leave the treated area. Keep room closed for at least 15-30 minutes. Ventilate the room when treatment is completed.

WASPS: Application should be made in late evening when insects are at rest. Spray liberally into hiding and breeding places, contacting as many insects as possible. Repeat as necessary.

FOR CRAWLING INSECTS: Roaches, earwigs, grain mites, sowbugs, spiders and centipedes: Spray thoroughly into hiding places such as cracks, crevices, moist areas, openings around pipes and sinks, under refrigerators, baseboards and storage areas. Spray directly on insects where possible.

ANTS: Spray trails, nests, and points of entry. Spray on ants where possible. Repeat as necessary.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.
Storage: Store in a cool area away from heat or open flame.
Disposal: Replace cap and discard in trash. Do not puncture or incinerate.
