Memphis, TN 38118-0993

SUBJECT: Label Amendment per PR Notices 2001-1 and 2001-6
SPEER Professional Insect Spray (with .35% SBP-1382)
EPA Reg. No. 11715-6
Your Application Dated February 11, 2003

Dear Mr. Washburn:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable provided that you make the following label changes:

1. Under ACTIVE INGREDIENTS:
 - a) you may choose to use only the ANSI name "Resmethrin" and delete the rest of the chemical name or correct the nomenclature to read: "Resmethrin [5-(phenylmethyl)-3-furanyl]methyl 2,2-dimethyl-3-(2-methyl-1-propenyl)cyclopropanecarboxylate)".
 - b) Make "Active Ingredient" singular since there is only one active ingredient in the product.
2. Under INERT INGREDIENTS, you may choose to use only the ANSI name "Resmethrin" and delete the rest of the chemical name or correct the nomenclature to read: "Resmethrin [5-phenylmethyl-3furanyl]methyl 2,2-dimethyl-3(2-methyl-1propenyl)cyclopropanecarboxylate)".
3. Under Precautionary Statements, delete the sentence that reads "All food processing surfaces should be covered during treatment or thoroughly cleaned before using." and replace it with "All food processing surfaces and equipment should be washed with an effective cleaning compound followed by a potable water rinse."

IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person.

However, if you have data to show there is benefit in drinking water or milk after ingesting your product, you may submit an alternate wording via amendment.

- b) Add the statement **"NOTE TO PHYSICIAN"**: Contains petroleum distillate-vomiting may cause aspiration pneumonia."
5. In the **STORAGE AND DISPOSAL** box, include the statement "Do not contaminate water, food, or feed by storage or disposal" under the heading.
6. You may choose to voluntarily make the following labeling changes:
- a) Delete the **ENVIRONMENTAL HAZARDS** section because this type of indoor pesticide product does not require it.

You must submit two (2) final printed labels before you release the product for shipment. A stamped copy is enclosed for your records.

Sincerely yours,

Linda G. Arrington
Acting Product Manager 10
Registration Division (7505C)

SPEER PROFESSIONAL INSECT SPRAY

(with .35% SBP-1382)

EPA Reg. No. 11715-06
EPA Est. No. 11715-TN-1

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION

Harmful if swallowed. Avoid contact with eyes or skin. Cover or remove fishbowls. Remove all pets from area to be treated. Avoid contamination of food and feedstuff. Food should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using this product in these areas, apply only when the facility is not in operation. In hospitals, patients should be removed from room prior to treatment. Room should be ventilated for 2 hours after spraying. Do not return patients to room until after ventilation.

FIRST AID	
IF SWALLOWED:	<ul style="list-style-type: none"> Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF IN EYES:	<ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF INHALED:	<ul style="list-style-type: none"> Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.
HOT LINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-877-757-4943 for emergency medical treatment information.	

PHYSICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F. may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Remove protective cap. Holding dispenser upright, point valve in desired direction and press dispenser button to spray.

MOSQUITOES, FLIES, GNATS: Close all doors and windows. Direct the spray to all parts of the room. Fill the room with mist; then leave the treated area. Keep the room closed for at least 15-30 minutes. Ventilate the room when treatment is completed.

WASPS: Application should be made in late evening when insects are at rest. Spray liberally into hiding and breeding places contacting as many insects as possible. Repeat as necessary.

FOR CRAWLING INSECTS: Roaches, earwigs, grain mites, sowbugs, spiders, and centipedes:

Spray thoroughly into hiding places such as cracks, crevices, moist areas, openings around pipes and sinks, under refrigerators, baseboards and storage areas. Spray directly on insects where possible.

ANTS: Spray trails, nests and points of entry. Spray on ants where possible. Repeat as necessary.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store in a cool area away from heat or open flame.

DISPOSAL: Do Not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

[Distributors may chose to use their own emergency numbers and times of operation]
