P.O. Box 18993
Memphis, TN 38118

Dear Mr. Caumisar:

Subject: Label Revision to Comply with FR Notice 83-3
and General Label Revisions
Spear Fast Knockdown Wasp and Hornet Spray
EPA Registration No. 11715-12
Your Application Dated March 8, 1985

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended is acceptable, provided that you make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

Include a Statement of Practical Treatment with the following format:

- If swallowed... If in eyes...
- If inhaled...
- If on skin...

Submit five (5) copies of your final printed labeling before you release the product for shipment.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

Jay S. Ellenberger
Product Manager (12)
Insecticide-Rodenticide Branch
Registration Division (78-767)

DIRECTIONS FOR USE

It is violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry area away from heat or flame.
Disposal: Replace cap and discard container in trash. Do not incinerate or puncture.

FOR CONTROL OF WASPS and HORNETS: Apply after dark when the insects have returned to the nest. Remove cap, hold can with thumb valve opening at nest and depress button, soaking nest thoroughly. When all wasps and hornets have fallen from the nest, repeat as necessary.

For wasps, hornets and scorpions in buildings and home, spray directly on them as a spot treatment. Do not use as a space spray until they fall to the floor, sweep up and destroy dead insects.

OTHER USES—OUTDOORS ONLY: For Control of Ants, Clover Root Weevils, Crickets, Earwigs, Fleas, Millipedes, Sowbugs, and Brown Boring Beetles. Spray infested areas thoroughly, including surfaces of screened doors, window frames, foundations, patios, or other places where insects may enter or congregate. For Ants, spray hills and mounds. Repeat as necessary. Do not spray vegetation. Do not use as a space spray.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed, inhaled, or absorbed through the skin. Avoid inhalation and skin contact; wash thoroughly after use. Do not use on household pets or human beings. Do not contaminate foodstuffs, water, or fishponds. Do not use on vegetation where poisoning occurs, get prompt medical aid. To physician—pine sulfate is antidotal.

Do not use in edible products areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. Do not allow children in treated areas until surfaces are dry.

PHYSICAL HAZARDS

FLAMMABLE. Contents under pressure. Do not use near open flames, sparks, or flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.
