DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry area away from heat or flame.

DISPOSAL: Replace cap and discard container in trash. Do not incinerate or puncture.

FOR CONTROL OF WASPS AND HORNETS: Apply after dark when all of the insects have returned to the nest. Remove cap, hold can upright, aim valve opening at nest and depress button, soaking nest with the spray. When all wasps and hornets have fallen from the nest, destroy the nest. Repeat as necessary.

For wasps, hornets and scorpions in buildings and home, spray directly on them as a spot treatment. Do not use as a space spray. After they fall to the floor, sweep up and destroy dead insects.

OTHER USES - OUTDOORS ONLY: For Control of Ants, Clover Mites, Crickets, Earwigs, Fleas, Millipedes, Sowbugs, and Brown Dog Ticks: Spray infested areas thoroughly, including surfaces of screen frames, doors, window frames, foundations, patios, or other places where insects may enter or congregate. For Ants, spray hills and runways. Repeat as necessary. Do not spray vegetation. Do not use as a space spray.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed, inhaled or absorbed through the skin. Avoid inhalation and skin contact; wash thoroughly after using. Do not use on household pets or human beings. Do not contaminate foodstuffs, water, or fish ponds. Do not use on vegetation. If poisoning occurs, get prompt medical aid. To physician - Atropine sulfate is antidotal. Do not use in edible products areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. Do not allow children in treated areas until surfaces are dry.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Do not induce vomiting. Call a physician.

IF ON SKIN: Wash with soap and warm water.

IF IN EYES: Flush eyes with plenty of water. If irritation persists, get medical attention.

NOTE TO PHYSICIAN: Atropine sulfate is antidotal.

PHYSICAL HAZARDS

FLAMMABLE. Contents under pressure. Do not use near fire, sparks, or flame. Do not puncture or incinerate container. Exposure to temperatures above 130 degrees F may cause bursting.
