

**FLEA – TICK SPRAY
& DEODORANT
DIRECTIONS**

SHAKE WELL. Remove protective cap. Hold can upright. Start spraying at tail, moving spray rapidly and making sure entire dog's body is covered, including the legs and under portions of the body. Ruffle hair while spraying, but spray only until tips of hair are moist. Spray directly on ticks. Repeat spraying as necessary but not more than once every seven days. Spray animal's bedding and living quarters regularly. Wash hands with soap after using.

CAUTION: Do not spray in eyes. Do not spray on birds, cats, or nursing puppies or around fish bowls. Do not treat puppies less than four weeks of age. Avoid breathing mist, application to skin, or spraying on foodstuffs. Harmful if swallowed or absorbed through the skin. Wash thoroughly after using.

**CAUTION: KEEP OUT OF REACH
OF CHILDREN.**

WARNING: Malathion is a cholinesterase inhibitor. Do not use this product simultaneously or within a few days before or after treatment with or exposure to other drugs, pesticides or chemicals having cholinesterase inhibiting activity. Atropine is an antidote. Consult veterinarian at first sign of any adverse reaction.

WARNING: Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130° F may cause bursting. Never throw container into fire or incinerator.
