**Sprays Up to 12 Feet  
Contains SBP-1382**

**Kills Flies, Mosquitoes, Gnats and Ants  
For Outdoor Use in Yards and Patios**

**Ready to use to kill flies, mosquitoes, moths,  
gnats, wasps, hornets, ants, spiders,  
centipedes, and sowbugs.**

## SHAKE WELL BEFORE USING

### ACTIVE INGREDIENTS:

Resmethrin +\*(5-Benzyl-3-furyl)methyl 2,2-dimethyl-3-(2-methylpropenyl) cyclopropane carboxylate.....0.300%

INERT INGREDIENTS:.....99.700%

TOTAL 100.00%

\*Cis/trans isomers ratio: max. 30% (+/-) cis and min. 70% (+/-) trans.

+ U.S. Patent No. 3,465,007

## CAUTION

**KEEP OUT OF REACH OF CHILDREN  
See Additional Precautions on Back  
Panel**

**Manufactured by:  
SPEER PRODUCTS, INC.  
P.O. Box 18993  
Memphis, TN 38181-0993**

Net Weight: \_\_\_\_\_ oz.

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Spray outdoor areas of the yard and patio when there is no breeze or spraying in the direction of a slight breeze. Controls flies, mosquitoes and gnats up to 12 feet away, using this fog nozzle.

## SHAKE WELL BEFORE USING

Point spray nozzle away from the face and in the direction of the space to be treated. Press down valve button and allow spray fog to fill the air where flying pests linger. For larger areas, best results are obtained by spraying in the direction of a slight breeze that allows the fog to drift into the areas of infestation. Spray while moving away from treated areas. Allow spray to dissipate before occupying the treated area. Repeat as necessary.

**FLYING INSECTS:** Reduce annoyance from flies, mosquitoes, moths and gnats by directing spray from a distance of 4 to 6 feet from flowering plants, shrubbery and grass to where the insects may be resting. Avoid heavy wetting of plant foliage. Also spray around garbage cans and other breeding areas. Repeat as necessary.

Spray directly on wasps and hornets.

Thoroughly wet the nesting area during the evening when these insects are least active.

**CRAWLING INSECTS:** Spray directly on ants, centipedes, sowbugs, and spiders. Treat around garbage cans, and other areas infested by these pests. Also thoroughly spray ant hills for best results. Spray in short bursts of 2 seconds at a distance of 4 to 6 feet for control of Brown Recluse Spider and Black Widow Spider. Repeat application as necessary.

## PRECAUTIONARY STATEMENTS

**Hazards to Humans and Domestic Animals**

## CAUTION

Avoid breathing spray mist. Avoid contact with skin. Allow spray to disperse for several minutes before entering the treated area. Harmful if swallowed. Not for indoor use.

Cover food before spraying. Direct spray away from people and animals. Avoid smoking while spraying.

While spraying for flying insects outdoors, hold container 4 to 6 feet away from plants and shrubs. Direct spray to fill the air around these plants without heavy wetting of plant foliage. Do not spray food crops.

FIRST AID	
<b>IF SWALLOWED</b>	<ul style="list-style-type: none"> <li>• Call poison control center or doctor immediately for treatment advice.</li> <li>• Have person sip a glass of water if able to swallow.</li> <li>• Do not induce vomiting unless told to do so by the poison control center or doctor.</li> <li>• Do not give anything by mouth to an unconscious person.</li> </ul>
<b>IF IN EYES</b>	<ul style="list-style-type: none"> <li>• Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li> <li>• Remove contact lenses, if present, after the first five minutes, then continue rinsing eye.</li> <li>• Call a poison control center or doctor for treatment advice.</li> </ul>
<b>IF ON SKIN OR CLOTHING</b>	<ul style="list-style-type: none"> <li>• Take off contaminated clothing.</li> </ul>
