RIGHT PANEL

SPEER MOTH PROOFER will protect woolen fabrics for six months, or until removed by washing or dry cleaning, if properly applied. This product is non-injurious to most fabrics, but with the constant introduction of new dyes woolens should be tested in some conspicuous place before applying to entire surface. Repeat treatment after laundering or dry cleaning.

DIRECTIONS

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

INDOORS - FOR PROTECTION OF WOOLENS, GARMENTS, BLANKETS, DRAPES: Apply only to garments, blankets, carpets and other woolen fabrics before placing in storage - for protection from larvae webbing clothing moths and black carpet beetles.

Dry clean or wash garments and blankets before testing. Clean carpets, draperies and other fabrics by thoroughly brushing before treating.

SHAKE WELL BEFORE USING. Hold container upright 14 to 18 inches from fabric. Point nozzle away from you and apply the spray while moving evenly in a forward and back motion across fabric, covering one foot per second. Spray the entire fabric surface until it is slightly moist or damp to the touch. When possible treat both sides of the fabric. Do not soak or wet fabric. For maximum protection allow treated fabrics to dry then place in plastic or paper bags. Repeat application only when necessary.

CLOSETS, CHESTS, TRUNKS: Treat cracks and crevices of closets, chests and trunks where woolens are to be stored. Treat cracks and crevices at the rate of two seconds per linear foot.

Not Reviewed. Registrant claims to be in accordance with
Federal Labeling of Pesticides and Guidance for Phase 2
Exemption, Page 2.12, Appendix B, and Guidance in 2.15.

LEFT PANEL

When applied as directed on fabric or in storage areas, this treatment will offer protection for six months. To insure protection inspect the fabric in storage area once every three months. When possible treat woolens outdoors. If application is made indoors do not remain in treated areas. Ventilate the area after treatment is complete.

PRECAUTIONARY STATEMENTS
