## PHYSICAL OR CHEMICAL HAZARD

Contents under pressure. Do not puncture. Do not use or store near fire or open flame. Exposure to temperatures above 130° F. may cause bursting. Never throw container into fire or incinerator.

## DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SPEER Moth Proofer will protect woolen fabrics for six months, or until removed by washing or dry cleaning, if properly applied. This product is non-injurious to most fabrics, but with the constant introduction of new dyes woolens should be tested in some inconspicuous place before applying to entire surface. Repeat treatment after laundering or dry cleaning.

**ACCEPTED**

SEP 3 2003

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act,  
as amended, for the pesticide  
registered under  
EPA Reg. No. 11715-50

11715-50

09/03/2003

1/1

## **DIRECTIONS**

**INDOOR-FOR PROTECTION OF WOOLENS GARMENTS, BLANKETS, DRAPES:** Apply only to garments, blankets, carpets and other woolen fabrics before placing in storage- for protection from larvae webbing clothing moths and black carpet beetles.

Dry clean or wash garments and blankets before testing. Clean carpets, draperies and other fabrics by thoroughly brushing before treating.

**SHAKE WELL BEFORE USING.** Hold container upright 14 to 18 inches from fabric. Point nozzle away from you and apply the spray while moving evenly in a forward and back motion across the fabric, covering one foot per second. Spray the entire fabric surface until it is *slightly moist or damp to the touch*. Do not soak or wet fabric. For maximum protection allow treated fabrics to dry then place in plastic or paper bags. Repeat application only when necessary.

**CLOSETS, CHESTS, TRUNKS:** Treat cracks and crevices of closets, chests and trunks where woolens are to be stored. Treat cracks and crevices at the rate of two seconds per linear foot. *When applied as directed* on fabric or in storage areas, this treatment will offer protection for six months. To insure protection inspect the fabric in storage area once every three months. When possible treat woolens outdoors. If application is made indoors do not remain in treated areas. Ventilate the area after treatment is complete.

## **STORAGE AND DISPOSAL**

**STORAGE:** Store in a cool, dry area away from heat or open flame.

**DISPOSAL:** Do Not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.
