

SPEER AQUEOUS PRESSURIZED SPRAY

For Use in Households, Hotels, Motels, Schools,
Offices, Warehouses, Plants, and Non-Food Areas
of Food Processing Plants.

KILLS FLIES, MOSQUITOES, GNATS, WASPS,
HORNETS, ROACHES, ANTS, EARWIGS, GRAIN
MITES, SOWBUGS, SPIDERS, AND CENTIPEDES

ACTIVE INGREDIENTS:

*†Resmethrin: [5-(phenylmethyl)-3-furanyl]
Methyl-2,2-dimethyl-3-(2-methyl-1-propenyl)-
cyclopropanecarboxylate.....0.200%
d-trans Allethrin.....0.400%
INERT INGREDIENTS:.....99.400%
100.000%

*cis/trans isomer ratio: max. 30% (±) cis and
min. 70% (±) trans

†U.S. Patent No. 3,456,007 and 3,542,928

KEEP OUT OF REACH OF CHILDREN

CAUTION

See Side Panel for Additional Precautionary
Statements

NET WEIGHT:

EPA Reg. No. 11715-56
EPA Est. No. 11715-TN-1

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION

Avoid contact with eyes, skin or clothing. In case
of contact immediately flush eyes and skin with
plenty of water. Get medical attention if irritation
persists. Harmful if swallowed.
Cover or remove exposed foods. Avoid
contamination of cooking utensils and food
preparation surfaces. DO NOT use in edible
product areas of food processing plants,
restaurants, or other areas where food is
commercially prepared or processed. Do not use
in food serving areas while food is exposed. Do
not use on edible crops.
Remove birds, pets, and cover aquariums before
spraying.

FIRST AID

IF IN EYES:	- Hold eye open and rinse slowly and gently with water for 15-20 minutes. - Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. - Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING:	- Take off contaminated clothing. - Rinse skin immediately with plenty of water for 15-20 minutes. - Call a poison control center or doctor for treatment advice.
IF SWALLOWED:	Immediately call a poison control center or doctor.

	- Do not induce vomiting unless told to do so by a poison control center or doctor. - Do not give any liquid to the person. - Do not give anything by mouth to an unconscious person.
IF INHALED:	- Move person to fresh air. - If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. - Call a poison control center or doctor for further treatment advice.
HOT LINE NUMBER Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-877-757-4943 for emergency medical treatment information.	

PHYSICAL OR CHEMICAL HAZARD

Contents under pressure. Do not use or store near
fire or open flame. Do not puncture or incinerate
container. Exposure to temperatures above 130°
F. may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product
in a manner inconsistent with its labeling.

SHAKE WELL BEFORE EACH USE.

Remove protective cap. Aim spray opening
away from person. Push button to spray.
Apply this product only as specified on this

Label.**FOR USE IN HOUSEHOLDS AND INDUSTRIAL PLANTS**

Kills Flies, Mosquitoes, and Gnats: Close all doors and windows. Point nozzle upward. Direct spray mist to all parts of the room especially windows and other light sources which attract these insects. Fill the room with mist, then leave the treated area. Keep the room closed for at least 15 minutes. Ventilate the room when treatment is completed. Sweep up and destroy fallen insects. Repeat treatment as necessary.

Kills Crawling Insects: Roaches, earwigs, grain mites, sowbugs, spiders and centipedes: Spray thoroughly into cracks, crevices, moist areas, openings around pipes and sinks, under refrigerators, baseboards, and storage areas. Spray directly on insects where possible as a contact spray. Repeat applications as necessary.

Kills Wasps and Hornets. Spruce spray: Before applying, close all doors, windows and ventilator openings. In unfinished attics and crawl spaces where direct sprays cannot reach pests, point nozzle upward and fill the area with mist at the rate of 35 seconds per 1,000 cu. ft. of space. Leave treated area immediately after application is complete, closing off area for at least ½ hour. Ventilate area when treatment is complete. Repeat as necessary.

OUTDOORS—REDUCE ANNOYANCE FROM FLYING INSECTS AROUND PICNIC AND RECREATIONAL AREAS, HOMES AND INDUSTRIAL PLANTS

Kills mosquitoes, gnats (midges), house flies, horse flies, deer flies, and flying moths (millers) by spraying their resting areas. Follow precautions listed above. Hold container 18 to 24 inches from shrubs, bushes and grassy areas.

Spray these areas with a slow sweeping motion at the rate of from 1 to 3 seconds per cubic yard of space while moving away from the treated areas. To reduce annoyance from these flying insects, treat open porches and patios in a similar manner. Spray only when the air is still. Allow spray to dissipate before occupying the treated area. Repeat as necessary.

KILLS NUISANCE PESTS—ON OR ENTERING BUILDINGS

Wasps and Hornets, direct spray: Applications should be made in late evening when insects are at rest. Spray liberally into hiding and breeding places, contacting as many insects as possible. Repeat as necessary. Spray directly on stroy wasps that enter buildings.

Ants: Spray trails, nests and points of entry. Spray on ants where possible. Repeat as necessary.

Spiders: Direct short burst of spray on spiders and repeat as necessary.

Earwigs: spray directly on earwigs in crevices and other hiding places on outdoor porches, patio floor and doorway entrances. Repeat as necessary.

IMPORTANT—Sweep up all dead insects and deposit these sweepings into a closed garbage container within two hours after each treatment.

DISPOSAL: Do Not Puncture or Incinerate! If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.
