EPA Est. No. 111151N-1

**Precautionary Statements**  
Hazards to Humans and Domestic Animals

**CAUTION**

Handle with care. Avoid inhalation of vapors. Avoid contact with skin, eyes or clothing. Wash contaminated skin promptly with soap and warm water. For eyes, flush with plenty of water. Get medical attention if irritation persists. Avoid contamination of food and feed stuffs.

Do not use in commercial food processing, preparation, serving or household storage areas. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food.

Remove pets, birds and cover fish aquariums before spraying.

**Physical Hazards**

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperature above 130°F may cause bursting.

**DIRECTIONS FOR USE**  
**GENERAL CLASSIFICATION**

In accordance with Federal Law, to use this product in a manner consistent with its labeling.

**STORAGE AND DISPOSAL**

Storage: Store in a cool, dry area away from heat or open flame.

Disposal: Do not re-use empty container. Wrap container and put in trash collection.

To kill ticks, destroy old pet bedding and replace. Treat dog and cat with a registered tick control product prior to re-entry.

To control fleas, use one unit per 1,000 cubic feet of room space.

Also in control of Cockroaches.

**DIRECTIONS FOR USE**

Use in rooms, attics, basements, closets, and other enclosed areas. Shake well before adding the unit to the room. Shake well before use. Do not use in open areas.

PREPARATION: Cover exposed foods, dishes, and handing equipment. Close cabinets and doors in areas to be treated. Shut off fans and air conditioners. Put out all open flames except pilot light. Remove pets and cover fish tanks or fish bowls with paper or remove from area. Close exterior doors and windows.

TO START FOGGING: Place fogger on table, chair or stand at least six feet from pier light. Place several thicknesses of newspapers under canister to prevent maring of surface. Hold can at arm's length with top of can pointing away from face and eyes. Push down on finger pad until it clicks - this will start fogging action. Set canister in upright position on table, etc. and leave building at once. DO NOT RE-ENTER BUILDING FOR FOUR HOURS, then open exterior doors and windows and allow to air for 10 minutes before recouping area.
