Not Reviewed. Registrant claims to be in accordance with  
Reregistration of Pesticide Product Guidance for Phase 2  
Response, Page 2.12, Active to Inert Change in Status.

## Precautionary Statements Hazards to Humans and Domestic Animals CAUTION

Harmful if swallowed or absorbed through skin. Avoid breathing vapors. Avoid contact with skin. In case of contact, immediately flush skin with plenty of water.  
Do not use in commercial food processing preparation, storage or serving areas. In the home, all food processing surfaces and utensils should be covered during the treatment, or thoroughly washed before use. Cover exposed food.  
Relieve pets, birds and cover fish aquariums before spraying.

## ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Keep out of lakes, ponds, or streams.

## PHYSICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 F may cause bursting.

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

## STORAGE AND DISPOSAL

Storage: Store in a cool dry area away from heat or open flame.  
Disposal: Replace cap. Wrap container and discard in trash. Do not puncture or incinerate.

## SHAKE BEFORE USE

HOLD CONTAINER UPRIGHT. APPLY IN SHORT BURSTS.

### INDOORS

To Kill Flies, Mosquitoes, Small Flying Moths, Gnats and Wasps: Close all doors and windows and direct spray upward into center of room with a slow sweeping motion. Spray 5-10 seconds for average room. Keep room closed for 15 minutes after spraying. Ventilate room thoroughly before re-entry. Sweep up and destroy lawn insects.

To Kill Cockroaches, Ants and Crickets: Contact as many insects as possible with the spray in addition to thorough spraying of all parts of the room suspected of harboring these pests. Special attention should be paid to cracks, hidden surfaces under sinks, behind stoves and refrigerators, food storage areas and wherever these pests are suspected of hiding. To kill ants, treat doors, around window frames, and trails and other areas of entry. Repeat as necessary.

To Kill Carpet Beetles: Directly spray as many insects as possible. Spray both interior and exterior of upholstered furniture. Both top and bottom of rugs and carpets should be sprayed thoroughly. Also treat shelves, closets, areas under furniture and wherever these insects are seen or suspected. Repeat as necessary.

## House and Garden Insect Killer For House and Garden Use Only

### ACTIVE INGREDIENTS:

Tetramethrin [(1-Cyclohexene-1, 2-dicarboximido) methyl 2,2-dimethyl-3-(2-methylpropenyl) cyclopropanecarboxylate].....200%  
\*3-Phenoxybenzyl (1 RS, 3 RS; 1 RS, 3 SR)-2,2-dimethyl-3-(2-methylprop - 1-enyl) cyclopropanecarboxylate.....200%  
INERT INGREDIENTS\*\*.....99.600%  
.....100.000%

\*d-(cis,trans) phenothrin  
cis/trans isomer ratio: max. 25% (+ or -) cis  
min. 75% (+ or -) trans

\*\*Contains petroleum distillates

## KEEP OUT OF REACH OF CHILDREN CAUTION

See Back Panel for Additional Precautionary Statements

### Kills Common Household Pests:

House Flies, Mosquitoes, Cockroaches,  
Firebrats, and others listed on back panel.

Kills Common Plant Pests on Ornamentals.  
Japanese Beetles, Aphids, Mealybugs, Tent  
Caterpillar and others listed on back panel.

EPA Reg. No. 11715-72

EPA Est. No. 11715-TN-1

To Kill Exposed Forms of Confused Flour Beetles, Saw-toothed Grain Beetles, and Rice Weevils: Find and destroy infested package goods. Remove all other items from pantry. Spray the shelves to kill any of the named insects present. Place clean paper on the shelves and return packages after shelves have dried. Repeat as necessary.

To Kill Sowbugs, Centipedes, Firebrats and Spiders: Contact as many insects as possible with the spray. Also thoroughly spray all parts of the room suspected of harboring these pests. Special attention should be paid to cracks, crevices, hidden surfaces under sinks, behind stoves and refrigerators.

To Kill Fleas and Brown Dog Ticks: Remove and destroy old pet bedding. Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks and local areas of floors. Repeat as necessary. Do not spray animals. Put fresh bedding in pet's quarters after spray has dried. Also treat dogs and cats with a registered flea and tick control product before allowing them to enter treated area.

### OUTDOORS

To reduce annoyance of Houseflies, Mosquitoes, Gnats and Small Flying Moths: Spray area infested with these flying insects. Hold container 18-24 inches from shrubs, bushes and grassy areas. Spray these areas with a slow sweeping motion at the rate of 1 to 3 seconds per cubic yard of space while moving away from the treated areas. To reduce annoyance from these pests treat open porches and patios in a similar manner. Spray only when the air is still. Allow spray to dissipate before occupying the treated area. Repeat as necessary.

### To Kill Ornamental Plant Pests Listed Below:

General: When sprayed directly on insects, this spray will kill the insects listed. Caution should be taken when spraying new tender growth on young plants.

### WHEN SPRAYING, HOLD CAN 18-24 INCHES FROM PLANT.

For best results, spray in the evening or on a cloudy day when air is still. Mist the plants lightly. Use a slow sweeping motion. Avoid wetting foliage with spray. Spray rows at the rate of 1 foot per second. For heavy growth, spray both sides of row. Repeat as needed. Do not spray when temperatures exceed 90 F.

### SPRAY CHART:

| Insect :                 | Plant:                                                             |
|--------------------------|--------------------------------------------------------------------|
| Eastern Tent Caterpillar | Ornamental Cherry                                                  |
| Aphid                    | Sprea, Rose, Grape Myrtle                                          |
| Cankerworm               | Ornamental Crabapple                                               |
| Leafhopper               | Rose                                                               |
| Lacebugs                 | Andromeda, Azalea                                                  |
| White Flies              | Rose, Crabapple, Ornamental Cherry, Sprea, Chrysanthemum, Gardenia |
| Spider Mites             | Rose                                                               |
| Japanese Beetle          | Rose                                                               |
| Mealybug                 | Chrysanthemum, Purple Passion Vine                                 |
| Ants                     | Peony                                                              |
| Caterpillar              | Oleander                                                           |
| Box Elder Bug            | Abutilon                                                           |
