# MAGIC GUARD DURSBAN\* ROACH & ANT PRESSURIZED SPRAY

**Controls cockroaches, ants, silverfish, spiders, crickets, earwigs and brown dog ticks.**

This Insecticide Provides Flushing Action and Fast Knockdown and Protects Against Listed Pests for up to 15 Days

#### ACTIVE INGREDIENTS:

Pyrethrins	0.052%
**Piperonyl Butoxide Technical	0.260%
***Chlorpyrifos (0,0-dieihyl 0-(3,5,6-trichloro-2-pyridyl) phosphorothioate]	0.500%
Petroleum Distillate	68.737%

#### INERT INGREDIENTS:

30.451%  
100.000%

\*Trademark of The Dow Chemical Company

\*\*Equivalent to 0.208% (butylcarbityl) (6-propylpiperonyl) ether and 0.052% related compounds

\*\*\*U.S. Patent No. 3,244,586

EPA Reg No 11175-97

EPA Est No 11175-TN-1

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and handling of this material when such use and handling is contrary to label instructions.

#### DIRECTIONS FOR USE

In violation of Federal law to use this product in a manner inconsistent with its labeling.

Use as a spot treatment on localized surface areas only.

Hold can upright. Press valve, directing the spray to infested areas. Be sure a deposit of spray coats surface for residual. Repeat applications as necessary for control.

**TO KILL COCKROACHES, ANTS, SILVERFISH, SPIDERS, CRICKETS, AND EARWIGS:** Spray areas where these pests are found or may hide, including dark corners of rooms and closets, cracks and crevices, along baseboards and door sills and frames, behind and beneath sinks, stoves, refrigerators, and cabinets and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. Spray ant trails, nests and points of entry.

**TO KILL BROWN DOG TICKS:** Apply thoroughly as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be present. Old pet bedding should be removed and replaced with clean, fresh bedding after treatment of pet areas. Additionally, treat pets with an EPA approved product registered for direct applications to pets.

**TO CONTROL FLIES AND MOSQUITOES (OUTDOORS):** Use only on outdoor surfaces. Spray outside surfaces of windows and door frames and other areas where these pests may enter the home. Also spray dark corners and localized resting areas, such as under eaves, porches, partitions and in garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when effectiveness diminishes.

#### STATEMENT OF PRACTICAL TREATMENT

If swallowed—drink one or two glasses of water. **DO NOT INDUCE VOMITING.** Call a physician. Do not induce vomiting or give anything by mouth to an unconscious person.

If inhaled—remove victim to fresh air. Apply respiration if indicated.

If on Skin—wash contaminated skin with plenty of soap and water.

If in Eyes—flush eyes with plenty of water for at least fifteen minutes. Get medical attention if irritation persists.
