

Precautionary Statements
Hazards to Humans
and Domestic Animals
CAUTION
 Harmful if swallowed. Avoid inhalation of vapors. Avoid contact with skin, eyes or clothing. Wash contaminated skin promptly with soap and warm water. For eye contact flush with plenty of water. Get medical attention if irritation persists. Avoid contamination of food and feedstuffs.
 Do not use in commercial food processing, preparation, serving or storage areas. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food. Wash hands thoroughly after using and before eating or smoking.
 Remove pets, birds and cover fish aquariums before spraying.
Physical or Chemical Hazards
 Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 F may cause bursting.

STATEMENT OF PRACTICAL TREATMENT
 If swallowed: Call a physician or Poison Control Center immediately. Do not induce vomiting. Vomiting may cause aspiration pneumonia.
 If inhaled: Remove victim to fresh air. Apply artificial respiration if indicated.
 If on skin: Remove contaminated clothing and wash affected areas with soap and water.
 If in eyes: Flush eyes with plenty of water. Get medical attention if irritation persists.

Directions For Use
 It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
Storage and Disposal
Storage: Store in a cool, dry area away from heat or open flame.
Disposal: Do not re-use empty container. Wrap container and put in trash collection.

FOR USE ONLY WHEN AREA HAS BEEN VACATED BY HUMAN BEINGS AND PETS
 Use one canister for each 6,000 cu. ft. of unobstructed area. Example: 30' long X 20' wide X 10' high = 6,000 cu. ft. Use additional units for remote rooms or where the free flow of the mist is not assured.
PREPARATION: Open cabinets and doors to areas to be treated. Shut off fans and air conditioners. Put out all open flames except pilot light. Remove pets and cover fish tanks or fish bowls with paper or remove from area. Cover asphalt tile, waxed wood floors, waxed furniture and articles made of cotton, terrycloth which are in the vicinity of the Fogger (newspapers may be used). Close exterior doors and windows. Cover exposed foods, dishes and food handling equipment.
TO START FOGGING: Place Fogger on table, chair or stand at least six feet from pilot light. Place several thicknesses of newspapers under canister to prevent marring of surface. Hold canister firm length with top of canister pointing away from face and eyes. Push down on finger pad on top of canister. This will start fogging action. Set canister in upright position on table, chair and leave building at once. **DO NOT RE-ENTER BUILDING FOR FOUR HOURS.** Then open exterior doors and windows and allow to air for 30 minutes before re-occupancy.
TO KILL FLEAS AND TICKS: Destroy and discard all flea traps. Use this product as above. Treat flea and tick traps with a registered Flea and Tick control product prior to re-entry.
