For general household use, spray thoroughly in areas where insects are likely to be present. Do not use on clothing, linens, or bedding. Do not use on children or pets.

DIRECTIONS FOR USE

This is a violation of Federal law to use this product in a manner inconsistent with its labeling.

IMPORTANT: READ THE LABEL ON THE CONTAINER. SHAKE WELL. Spray directly into the insect's face. Hold the nozzle 12 inches from the surface and spray for 10 to 15 seconds. Do not use on children or pets.

ROACHES, WATERBUGS, CRICKETS, AND CENTIPEDES: Thoroughly spray cracks, crevices, baseboards, and around garbage containers and other places where insects congregate.

ANTS: Spray ant trails, window frames, door frames, and other places where ants may enter. Repeat treatment if necessary.

FLIES, MOSQUITOES, GNATS, WASPS: Spray window and door frames and window frames, door frames, and other places where insects congregate.

CLOVER MITES, SOWBUGS, AND EAR WIGS: Spray window and door frames, cracks, and other places where insects congregate.

SILVERFISH AND FIREBRATS: Apply to cracks, baseboards, behind shelving, bookcases, and other storage areas.

PAPER NEST WASPS AND MUD DAUBERS: Apply a wet spray to the nest after dark when all pests have returned to their nests.

SCORPIONS AND SPIDERS: Spray directly on pests where possible. Treat surfaces of porches and garages where pests may congregate. Spray points of entry.

BROWN DOG TICKS: Remove all bedding thoroughly. Spray cracks, crevices, and other places where ticks may congregate. Do not use on children or pets.
