Precautionary Statements Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed. Avoid inhalation of vapors. Avoid contact with skin and eyes. Wash contaminated skin promptly with soap and water. For eyes, flush with plenty of water. Get medical attention if irritation persists.

Some asphalt shingles, asphalt tile, linoleum or plastic materials are harmed by petroleum based insecticides. Care must be used in spraying this product.

PHYSICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not stand directly under nest while spraying since insects may fall onto skin or clothing.

WASP & HORNETS: With wind at back of user, spray nest from a distance of 8 to 10 feet. Spray until nest is soaked with spray. Repeat as necessary.

YELLOW JACKETS & BEES: With a sweeping, back and forth, motion spray any stirred-up insects around the nest. Then move forward and spray FREEZ-HIT for 6 to 8 seconds directly into nest hole. This will suffocate insects in the nest.

SPIDERS: Spray directly on spiders and webs.

STORAGE AND DISPOSAL

Storage: Store in a cool area away from heat or open flame.

Disposal: Do not reuse empty container. Wrap container and put in trash collection.
