SPEER PRODUCTS, INC.  
Memphis, TN 38118

EPA Reg. No. 11715-

EPA Est. No. 11715-TN-1

## RIGHT SIDE PANEL

### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Storage: Store in a cool, dry area away from heat or flame.

Disposal: Do not re-use empty container. Wrap container and put in trash collection.

Use one canister for each 6,000 cu. ft. of unobstructed area. Example: 30' long x 20' wide x 10' high = 6,000 cu. ft. Use additional units for remote rooms or where free flow of the mist is not assured. Do not use in an area less than 3,000 cu.ft.

PREPARATION: Cover exposed foods, dishes, and food handling equipment. Cover or remove brass or copper articles (lamps, artifacts, headboards, etc.). Open cabinets and doors to areas to be treated. Shut off fans and air conditioners. Put out all open flames except pilot light. Remove pets and cover fish tanks or fish bowls with paper, or remove from area. Close exterior doors and windows.

TO START FOGGING: Place Fogger on table, chair or stand, in center of area, at least six feet from pilot light. Place several thicknesses of newspapers under canister to prevent marring of surface. Hold can at arm's length, with top of can pointing away from face and eyes. Push down on finger pad until it locks - this will start fogging action. Set canister in upright position on table, etc., and leave building at once.

DO NOT RE-ENTER BUILDING FOR TWO HOURS, then open exterior doors and windows and allow to air for one hour before reoccupying area. If additional units are used for remote rooms or where free flow of mist is not assured, increase airing-out time accordingly.

To kill Fleas and Ticks: Destroy old pet bedding and replace. Use product as above. Treat dogs and cats with a registered flea and tick control product prior to re-entry.

LEFT SIDE PANEL

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS  
AND DOMESTIC ANIMALS

Harmful if swallowed. Avoid inhalation of vapors. Avoid contact with skin, eyes, or clothing. Wash contaminated skin promptly with soap and warm water. For eyes, flush with plenty of water. Get medical attention if irritation persists. Avoid contamination of food and foodstuffs. Wash hands with soap and water after using and before eating or smoking. Do not allow children to lie or sleep in treated areas until at least six hours following treatment.

Do not use in commercial food processing preparation, or serving areas or in household storage areas. In home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover or remove exposed food.

Remove pets, birds, and cover fish aquariums before spraying.

STATEMENT OF PRACTICAL TREATMENT

If inhaled - Remove victim to fresh air. Apply artificial respiration if indicated.

If on skin - Remove contaminated clothing and wash affected areas with soap and water.

If in eyes - Flush eyes with plenty of water. Get medical attention, if irritation persists.

NOTE TO PHYSICIAN: Chlorpyrifos is a cholinesterase inhibitor. Atropine by injection is antidotal only if symptoms of cholinesterase inhibition are present.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.
