NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 4(d)(7)(A) provided that you:

1. Submit within 90 days all data necessary for registration/reregistration of your product under FIFRA sec. 4(d)(7) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes indicated below when you receive the permit for shipment:
3. Add the phrase "EPA Registration No. 11715-164."
4. Submit five (5) copies of your final printed label to receive your release for shipment. Refer to the A-7 procedure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 4(d). Your release for shipment of the product constitutes acceptance of these conditions.

A returned copy of this label is enclosed for your records.

Memphis, TN 38118

#### PRECAUTIONARY STATEMENT HAZARDS TO HUMANS & DOMESTIC ANIMALS WARNING

May be fatal if swallowed. Harmful if absorbed through skin or clothing. Wash thoroughly with soap and water after handling.

#### STATEMENT OF PRACTICAL TREATMENT

If swallowed: Call a physician or Poison Control Center. Do not induce vomiting. If inhaled: Remove to fresh air. If on skin: Wash with plenty of soap and water. Get medical attention if irritation persists. If in eyes: Flush with plenty of water. Get medical attention if irritation persists.

#### ENVIRONMENTAL HAZARD:

This product is toxic to fish. Keep out of lakes, streams or ponds. Do not use for cleaning of equipment or disposal of wastes.

#### PHYSICAL HAZARDS

Flammable. Do not use or store near heat or open flame. Flammable.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with labeling.

#### STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**STORAGE:** If container is damaged: Stop any leaks by repairing or otherwise repairing the leaks. Take care to avoid contact with the product or its vapors. Cover the spilled material with an absorbent material, such as clay, diatomaceous earth or other non-hazardous material. Do not store, use, pour or spill near heat or open flame.

**PESTICIDE DISPOSAL:** Pesticide wastes are toxic. Improper disposal, such as pouring or dumping, is a violation of Federal law. If these wastes are not disposed of properly, contact your State Pesticide Control Agency or the Hazardous Waste Representative at the nearest EPA Office.

**CONTAINER DISPOSAL:** For containers one gallon and under: Triple rinse (or equivalent) and recycle where available. For containers over one gallon: Triple rinse (or equivalent) and puncture or otherwise destroy the container before recycling or disposal. Do not reuse.

For containers over one gallon: Triple rinse (or equivalent) and puncture or otherwise destroy the container before recycling or disposal. Do not reuse.

For containers over one gallon: Triple rinse (or equivalent) and puncture or otherwise destroy the container before recycling or disposal. Do not reuse.

For containers over one gallon: Triple rinse (or equivalent) and puncture or otherwise destroy the container before recycling or disposal. Do not reuse.

For containers over one gallon: Triple rinse (or equivalent) and puncture or otherwise destroy the container before recycling or disposal. Do not reuse.

For containers over one gallon: Triple rinse (or equivalent) and puncture or otherwise destroy the container before recycling or disposal. Do not reuse.

### DIRECTIONS FOR USE (continued)

Do not apply this product in such manner as to directly or through drift expose workers or other persons. The area being treated must be vacated by unprotected persons.

Do not enter treated areas without protective clothing until sprays have dried.

Because certain states may require more restrictive reentry intervals for various crops treated with this product, consult your State Department of Agriculture for further information.

Written or oral warnings must be given to workers who are expected to be in treated area or an area about to be treated with this product. If oral warnings are given, they must inform the workers of areas or fields that may not be entered without specific clothing, period of time field must be vacated, and appropriate action to take in case of accidental exposure. See Statement of Practical Treatment.

#### FIRE ANT DRENCH:

For use in lawns, gardens, grounds around buildings, fields, agricultural land, wasteland, golf courses, recreational areas, campgrounds.

For control of an individual fire ant mound measuring 2-9 inches (5-25 cm) high and 5-21 inches (12-60 cm) in diameter, mix 1 tablespoon (14.6 ml) of Rotenone 5% EC in 2 gallons of water (7.57 L) and thoroughly agitate until completely mixed.

Apply this mixture to the undisturbed mound by first using some on the dome to soften the crust. Then use some to completely soak the perimeter. The remainder should be poured from a height of about 3 ft (1 m) so as to break into the dome and allow the mixture to flow into the underground ant tunnels. Repeat in 7-10 days or as necessary. For larger mounds, apply greater volumes of diluted material.

#### TANK MIX DIRECTIONS AGRICULTURAL USE

For use on agricultural potatoes, eggplants, and tomatoes to combat the Colorado Potato Beetle.

Tank mix 82 fl. oz. (2.42 L) (0.25 lb. a.i., rotenone) of Noxflre and 8 fl. oz. (237 ml) (0.50 lb. a.i., piperonyl butoxide) of Piperonyl Butoxide Emulsifiable Concentrate 92% (EPA Reg. No. 432-673) with the volume of water to cover one acre.

Application should be made as late in the day as possible.

Treatment may continue up to and including the day before harvest. Do not apply the day of harvest.

#### WARRANTY STATEMENT

Our recommendations for use of this product are based upon tests believed to be reliable. The use of this product being beyond the control of the manufacturer, no guarantee, expressed or implied, is made as to the effects of such or the results to be obtained if not used in accordance with directions or established safe practice. The buyer must assume all responsibility, including injury or damage, resulting from its misuse as such, or in combination with other materials.
