Dr. J. D. Commerford  
Speer Products, Inc.  
4242 B. F. Goodrich Blvd.  
Memphis, TN 38181-0993

Dear Dr. Commerford:

Subject: Flash Point of the Product and Update Labeling  
Speer - It Fogger I  
EPA Registration No. 11715-178  
Your Application Dated October 5, 1988

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable provided that you make the labeling change indicated below prior to release for shipment of product bearing the amended labeling.

The submitted product chemistry information dealing with the flashpoint of the product is acceptable and has been made a part of the record for this product. There may be a change in the policy in the future regarding the flammability of aerosols and foggers, but for now, based on the data received, add "Extremely Flammable" to the beginning of the Physical and Chemical Hazards statement.

Submit five (5) copies of your final printed labeling before you release the product for shipment.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

George T. LaRocca  
Product Manager 15  
Insecticide-Rodenticide Branch  
Registration Division (H7505C)

**PRECAUTIONARY  
STATEMENTS  
HAZARDS TO HUMANS  
& DOMESTIC ANIMALS**

**CAUTION**

**USE ONLY WHEN AREA TO BE TREATED IS VACATED BY HUMANS AND PETS.** Harmful if swallowed or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with skin and eyes. In case of contact, immediately flush eyes or skin with plenty of water. Obtain medical attention if irritation persists. Do not apply directly to food. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Remove pets and birds and cover fish aquariums before spraying. Remove all motor vehicles before using in garages.

**PHYSICAL OR  
CHEMICAL HAZARDS**

Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130° F may cause bursting. Never throw container into fire or incinerator. Newspapers should be spread on the floor for several feet around area of release.

**STATEMENT OF  
PRACTICAL TREATMENT**

**If swallowed** - call physician or Poison Control Center immediately.  
**If inhaled** - remove victim to fresh air. Apply artificial respiration if indicated.  
**If on skin** - remove contaminated clothing and wash affected area with soap and water.  
**If in eyes** - flush eyes with plenty of water. Obtain medical attention if irritation persists.

*Extremely  
flammable*

# SPEER-IT FOGGER I

EPA Reg No 11715-178

EPA Est No 11715-TN-1

## DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product will kill fleas (adults and pre-adults), roaches, houseflies, black carpet beetles, ants, spiders, flying moths, mosquitos, sawtoothed grain beetles, rice weevils, bugs, crickets, confused flour beetles, hornets and palmetto bugs. Cover all exposed foods, dishes and food handling equipment. All food processing surfaces should be covered immediately prior to treatment and thoroughly cleaned after treatment. Close doors and windows. Open cabinets and drawers in the treatment area. Shut off fans and air conditioners. Put out all open flames except pilot lights. Place at least 6 feet away from people. Fogger should be placed on floor in the center of the room. Place newspapers under the fogger to prevent marring surfaces. Use one fogger for each 4,000 cubic feet of unoccupied area (approximately 20'x20'x10' room). Additional units for remote rooms or work areas where flow of mist is not assured. To start fogging, turn fog-lock activator cap and press. Hold fogger at arm's length when releasing. Point fogger away from face and eyes. Set in upright position and leave the building at once. Leave building unoccupied for 2 hours. Open doors and windows to allow air to flow for 1 hour. Do not use in food handling establishments, restaurants, or other areas where food is commercially prepared or served.

## STORAGE AND DISPOSAL

**Storage:** Store in a cool, dry place away from heat or open flame.

**Disposal:** Do not re-use empty container. Wrap container and put in collection. Do not puncture or burn in fire.
